1. This is a traditional literature picture book.2. 3. The book has a lesson or moral learned throughout it. It teaches a really nice message. The bugs are the ones that speak as the characters. They are human like by the way they talk. I think this is a very accurate story.(B) I found this book to be very appropriate. The bugs talk as if they are humans. They work like humans and have struggles like humans. He regrets never listening to the grasshoppers beautiful music. This is a great example of a moral. 4. I really liked this book. 9781404802179 Might work for storytime. 9781404802179 Such a great fable. The grasshopper however spends his free time making music. When winter arrives the grasshopper is left without food. Again.
