

Smokey (Hell's Bastards MC, #2) By Sam Crescent **Smokey nagata** So he took her to the party and gets pissed since she won't admit she wants to have sex with him and tells her to find him when she does after he touches her coochie without her consent. **Smokey robinson** Ava literally said she was done with men but she is like I've never had good sex and of course the girl never orgasmed during sex before.

Smokey robinson

Which made me annoyed with the book. **Smokey robinson** now shes trying to start a new life and catches the eye of Smokey who isn't trusting very easy but he likes Ava and that's where it starts but there are some enemies who want that club taken down ans Ava gets caught in the crossfire ans being labeled as a rat. **Smokeyacresfarm** When an anonymous photo makes Smokey question her motives he doesn't give her the benefit of the doubt and makes a rash unforgivable decision resulting in some truly terrible consequences that then loses him the love of the woman he's been slowly coming to care for. **Smokey hill designs** Why is it though that it's always later they realise just what they so callously threw away (the old adage you don't know what you've got till it's gone is the theme here)I picked this up for the grovel and there's half a book of it so my grabby little mittens were totally satisfied. **Smokeyacresfarm** In regards to Raven after loving her in the previous book here I did a 360 mostly because of her participation in Ava's treatment she totally gets the shittiest friend of the year award here whilst Abriana who I was formerly irritated by totally came good (go figure). **Book smokey by will james** The eventual conclusion to this with the rival MC then put Raven in a position to redeem herself with Ava but I'm not so much pissed at what she did as it was ordered by Smokey it's the fact that she never even questioned those orders in the first place. **Smokey robinson** Let me tell you if a man has me kidnapped thrown in a basement cuts my hair off and has me severely beat by club whores and my own friend yeah you can bet your ass I'm calling the police. **Smokeyacresfarm** Yeah this gal didn't do that because she didn't want to betray their trust □□□□This dumb bitch not only forgave both the H and her "friend" she says she's going to name her child after said "friend" when she has a girl□□□□□□ because she "protected her" □□□□□□□□□□Also if you've ever read any books with a real grovel sob actually. **Smokey robinson** She would end up liking it but MMC did not get consent and would force her into situations) death of parents slut-shaming women objectification body-shaming violence (graphic against FMC by MMC) verbal abuse gangs guns stabbing murder Every women he'd come across either gave him a withering stare or thrust their tits in his faceAh the classic arrogant asshole that thinks that every girl is either scared of him or out to get him. **Smokey robinson** Damn I'm scared bruh He didn't want to fuck a prude and no matter how badly he wanted to fuck her there would be limits to what he was willing to do to get her in his bed. **Smokey robinson age** Nobody wants to fuck you either Smokey Pokey Most chicks wanted to be on the back of his bikeIf a person has to constantly mention how attractive they are and how many people want them they don't seem attractive at all to me. **Smokeyacresfarm** Wouldn't you want something crazy like Manic? And Ugly's Beast's nickname is Ugly like how's that badass in any way? Ok anyway I decided to check this out because people recommended it for having a satisfying grovel. **Smokeya** This kinda reminds me of my experience with Lady Gallant I hated the book and hero but loved the grovel even though I would never forgive the guy if he did that to me irl. **Smokey epubs air** Do you need to read the first book to read this? I personally haven't read the first book and kinda wish I had because Ugly Beast and his wife Abriana play a role in this there are so many references to the previous book that aren't explained here. **Smokey robinson** And Smokey was talking about how Ava is different because she doesn't do that like come on how many girls have you met? He's had sex with all of the clubhouse girls but treats them like shit and apparently the clubhouse girls brag about how many club members they had sex with or whatever it was all just cringe. **EBook smokey** Of course we go with the cliché "I don't do relationships this is just fun so don't get emotional" shit while giving mixed signals by acting like they are in a relationship. **Smokeya** There's also drama with the mafia and it's all complicated

apparently motorcycle club members can't be with the mafia but I lowkey wanna read Raven and Carlos's book cuz clearly they're gonna have a forbidden relationship book. **Smokey robinson** I feel like it would've made a lot more sense if I read Ugly Beast's book I really liked Ugly Beast he seemed decent compared to the others but I have a feeling it's because he's married to Abriana he was probably an asshole before they got together. **Smokey robinson songs** Ugly was the first guy that didn't trust Ava enough in his house but he trusted his wife's judgment used his bloody brain and went to check the camera footage in the area. **Smokey robinson** He didn't hesitate to jump to the conclusion that she betrayed him he doesn't give her the chance to speak and doesn't give a fuck when she's being hurt because she betrayed him. **Smokeya** They both broke Ava when she came and saw her bakery broken and called all the places to help fix her place and no one was helping and Smokey showed up with the motorcycle club I loved how Ava told them all to get out. **Smokey robinson songs** It was interesting seeing the slow progress Smokey made to win Ava back I liked how it took months almost a year to win her back despite them knowing each other for a short period of time. **EBook smokey bones** When they find out Ava might be in danger again and Raven volunteers to protect her I knew it was Raven's way of groveling when they got kidnapped and Raven continued to fight with every breath in her body to save Ava it was sweet. **Smoky boots** It was a satisfying ending I loved the grovel but hated the MC culture No ow/om drama (just no cheating Drama slight secondary character sexy times no virgins Recommend-maybeCover-Heat level- SlowburnPush away from hNo condomPublic sexAnal sexTorture Violence MurderNo condom HeaEpilogue Kindle Edition Just out of a bad marriage Ava isn't looking for love. **Smokey ebook** How can he win what he broke? Smokey (Hell's Bastards MC #2)

This second book is Smokey's story the club's Prez when he meets Ava a thirty-year-old divorcee he falls hard the whole book is just one big cliché as far as I'm concerned from the curvy/plus size heroine owning a bakery to the scenes in the book that I'm guessing were meant to have the shock factor on the reader unfortunately those fell flat for me. **Smokeya** The whole thing at times was tacky one of the club girls who also makes porn films for the club is called Swallow seriously how stupid is that and that's just one example. **Smokey robinson** I went into this with spoilers regarding what happens about half-way through—Smokey sees a picture of Ava "accepting money" from a rival MC president (it's staged) and he orders her to be killed for it. **Smokeyacresfarm** Being prepared lessened (but not erased) the betrayal and fury I would've felt had I not known what was going to happen but it didn't take away from how horrible it was. **Smokey book** I really wish authors (and people in real life honestly) would let go of the notion that (this is a different spoiler from the one above) an abusive man needs to be a part of his child's life. **Smokeya** I wanted her to leave heal and when she's ready find a nice man who grows a garden for her to have fresh ingredients for her bakery but alas that is not what happens. **Smokey ebooks free** So ok the heroine a divorced overweight woman who was body shamed by her ex hubby meets the hero the boss of this MC and she decides it's time to have decent sex for once in her life. **Pdf smoking cessation form** ehem) in her house in the club with all people watching but not really watching because everyone is having sex and not really minding other people's business and the heroine is so very happy that she falls in love with the creep. **Smokey robinson** He thinks she betrayed him and what does he do?He orders the club w**es to beat her to death then goes to her house to pack something so he will cover every

evidence and when the heroine is almost dead and beaten up he finds out she is innocent. **Smokey robinson age** And instead of vanishing and going so very very far he can never trace her for instance a village in Africa a small town in Vietnam a cottage in the Andes nope she stays there in the same small town where he and his creepy friends are. **Smokey robinson** Oh and she was curvy I don't know what curvy means in the writer's mind is she overweight or only blessed with big breast and nice round derriere? I know that nowadays women are often required to be skinny and flat and a 14 size is overweight but I can't figure how is the heroine: I honestly didn't feel like he was sorry ☹️ or as sorry as he should've been given the situation. **EPub smokey point** ☹️☹️☹️☹️ literally what the hell did I just read Kindle Edition What a total mess 1st off the \$ex scenes were porn. **Smokey bones** And the public displays in front of the club was just wrong, **Smokeyacresfarm** All of the club girls were disgusting and the guys were yukk: **Smokey and the bandit** They had named like Stinky and Swallow and were just very disgusting people, **Smokeya** I am not a fan of MC books and this one just justified it for me. **Kindle monkey** This book did make me cry.

Kindle monkey

She walked in on him cheating so they divorced. **Smokey epub reader** I was proud of her for starting her bakery but she kept saying she hated men and she was done with men but she didn't even hesitate to get with Smokey, **EPub smokey nagata** Smokey makes out with Ava after she repeatedly turns him down and she's drunk, **Smokeyacresfarm** Then he continues to harass her by showing up to her bakery and shit and asking her to meet him at places: **Smokey pub** She says she isn't a party person and he takes her to the motorcycle club where girls are naked and having sex. **Smokeya** All the girls are called whores or sluts and constantly treated like shit. **Smokeya** The girls have no personality and would throw themselves at Smokey and he would push them away.

Smoky mountains

" I kept cringing. **EBook smokey's** I couldn't stop reading once I started but damn all the objectification of women and all was stupid: **Smokey robinson age** So Smokey continues to make Ava do things and she wouldn't be comfortable with it but whatever he says goes apparently: **Smokey robinson** And then Raven shows up at the bakery saying that Smokey is in a bad mood and Ava should give him a chance. **Smokey robinson** Poor Ava went through so much shit but it was nice to see her happy, **Smokey pfp gif** Stay safe folks! Kindle Edition This was my first Sam Crescent book. **Smoky mountains** In that book the MC Pres falls for the curvy blonde baker also named Ava, **Smokey robinson** I liked how this book didn't just focus on the romance aspect: **Smokeyacresfarm** 5 ☹️ Ugly beast wasn't my fave book in this series so I was hesitant about reading about Smokey. **Smokey robinson songs** Ava has been through a messy divorce since she caught her ex cheating on her. **Smokey robinson** what the club did was disgusting and made me so mad when all they had was one piece of evidence without getting more, **Smokeya** ALWAYS COLLECT ALL EVIDENCE!!! I swear that scene made me so mad!!! My heart broke for Ava and when those jerks find out it was all a set up. **Smokey robinson** I do wish the grovel was more what they did was light a 4. **Smokeya** She's new to town and has opened her lifelong dream of a bakery, **Smokey nagata** I found this to be an engrossing read enjoying it more than the previous book in the series there was just so much more going on with this one, **Kidde smoke alarms** Ava's a bloody saint there's nothing that ever could have convinced me to forgive what happened here some things are just not excusable, **Smokey robinson** Smokey and Raven's actions crossed a definite line literally no one other than Abriana spoke up for Ava and I found that terribly sad and heartbreaking: **Smokeya** But this is fiction and we are in MC romance land so I gave it somewhat of a pass: **Smokey and the bandit** Genres that deal with dark themes I do tend to hold to a different standard than my mainstream romance reads, **Smokey and the bandit** I was also aware going in what was going to

occur so this made it easier to pre-warned is fore-armed and all that, **Smokeyacresfarm** Dark gritty and emotional I definitely appreciate this author's particular style be prepared for some no-holds-bared crudeness and plain speaking. **Smokeya** I liked the grovel but I also wanted Smokey to get on his bended knees and beg for Ava's absolution but he definitely had that kicked puppy dog vibe. **Kindle smokey bones** She's much too concerned with not looking in any way weak because of her gender: **Smokeya** Raven definitely has a lot of hidden insecurities she attempts to cover up with her brash personality, **Smokeyacresfarm** Overall though this was well written and entertaining and I did enjoy it so I will be reading the next book but be aware this does contain triggers, **Smokeya** com/beckiebookworm/ Kindle Edition This is a longer story from this author and I was looking forward to reading it, **Smokey robinson** Unfortunately this wasn't for me.

Smokey bones

Sam Crescent is passionate about fiction: **Smokeya** She loves a good erotic romance and so it only made sense for her to spread her wings and start writing, **Smokeyacresfarm** She began writing in 2009 and finally got that first acceptance in 2011 by Total E Bound, **Smokeya** She loved creating new characters and delving into the worlds that she creates. **Smokey robinson** When she's not panicking about a story or arguing with a character she can be found in her kitchen creating all kinds of havoc, **Smokeyacresfarm** Like her stories the creations in the kitchen can be just as dubious but sometimes things turn out great: **Smokey and the bandit** Probably one of the worst books I've EVER read ☐The only thing that could've saved this book is Smokey and Raven shooting each other and dying, **Smokey robinson** Then Ava dying too because she is one of if not the stupidest heroines I've ever read: **Book smokey by will james** There is a scene where the heroine has something terrible done to her very disturbing and horrendous and Smokey ordered it: **Smokey robinson** Yes He totally groveled for the 2nd half of the book but there is no way I was going to root for him: **Smokeya** Kindle Edition Trigger Warnings: Dub-con and non-con (FMC doesn't really consent at the beginning and the MMC would touch her. **Smokey robinson songs** The number of times Smokey mentioned how much women wanted him was just mind-boggling, **Smokey nagata** Women were objectified left and right and I guess it's how motorcycle romances are? This was my first one so I'm new to this, **Smokeya** Honestly thank you Tee and Apoorva for listening to my long rants, **Smokeya** Smokey Pokey nobody wants to ride your bikeAnd what typha name is Smokey bro? This was my first motorcycle romance I've read Luna and the Lie but that doesn't really count, **EPub smokey** The names of the people in this motorcycle club are just stupid. **Smokeya** I mean Demon is pretty cool and I like the name Hunter but what the hell are the other names. **Smokeyacresfarm** And do I agree? Yes I loved the grovel in this and it was more than half of this book, **Kindle smokey mountain** Was what Smokey did okay? Hell no realistically I would never be able to forgive the guy for what he did but I adored the grovel: **Smokey robinson** You're kinda thrown into the MC universe without knowing much background. **Smokeya** But if you do wanna skip the first book you can because I did and it was still a pretty entertaining read. **Kindle smokey bones** The first half was horrible these books are just fulla slut-shaming and cringey dialogue, **Smokey texture** The kisses are constantly described as "he slammed his mouth on hers" which got old real quick. **Smokey robinson songs** Ava has a realistic body but she's constantly fat-shamed by others: **Smokeyard bbq** I wasn't a fan of the writing style but it was definitely entertaining enough for me to keep reading until the end, **Smokey ebookers** Ava recently got outta a 10-year marriage and is now divorced she moved to a new town to have a fresh start and was drinking at a bar. **Smoky book** Smokey pokey shows up he sees Ava and immediately wants to fuck her so he goes over and flirts. **Smokeyacresfarm** Ava is done with men but is good with starting a friends with benefits relationship with Smokey pokey but he doesn't do relationships damn that's new: **Smokey and the bandit** So yea this book starts off with insta-lust and moves forward from there. **Smokey bones** Onto my spoilery rantSo we start off with Ava in the bar and Smokey sees her he instantly wants to

fuck her, **Smokey nagata** They get to know each other and because Ava didn't pounce on Smokey's dick he's like damn she's not like other girls they normally all want me: **Smoky mountains** The fact that he says girls would go up to him and thrust their boobs in his face was so stupid, **Smokey robinson songs** You hear his inner monologue and he's so arrogant not in a charming way and it was just so hard to get through. **Smokey book** I was just waiting for him to fuck up and see the grovel: **Smokey boots wow** Smokey walks Ava home and Ava literally says she isn't having sex with him and she's so drunk. **Smokeya** Smokey is like can't I just do something nice for you and walk you home? But two seconds later he's like I wanna fuck you: **Smokeyacresfarm** And he is like he knows that she was in a bad marriage and how her ex did a number on her he repeats this all the time: **Smokey robinson** Ava doesn't feel confident because her ex was with her for the money I don't know how she stuck around for 10 years but whatever I hated every second of it: **Smokey robinson age** The other guys would talk shit about women and how they called Ava "Smokey's piece so she goes to Smokey and strips: **Smokey hill designs** Smokey got exactly what he wanted which pissed me off cuz he's an arrogant asshole, **Smokey texas grill** But of course Ava slowly starts to fall for him and it's obvious Smokey does too but he doesn't wanna admit it, **Smokey hill designs** He makes her dress up in clothes she isn't comfortable with and she isn't even comfortable with public sex but he makes her and she enjoys it but is paranoid. **Smokey robinson age** They have sex in front of everyone at the club because he wants to stake his claim on her again motorcycle club culture is disgusting. **Smokeya** They constantly have unprotected sex because Smokey wants it that way. **Smokey bones** It was all what Smokey wants and it was pissing me off: **Smokeya** The club members don't treat Ava well because they don't trust her and thinks she works for the Twisted Bastards I think they were a rival motorcycle group: **Book smokey by will james** So Smokey said he previously got distracted by Abriana and I was so confused I was like did he used to have a thing for her? I dunno: **Smokeyacresfarm** Smokey asks all the questions about Ava but he never shares anything like we never even know his real name in the end, **Smokey robinson songs** We don't know about his past or how he got into the motorcycle club his actual family like he doesn't tell us shit, **Smokey the bear** We know Ava's parents died and how she had a horrible marriage with horrible sex and how she owns a bakery and it was her dream, **Smokey robinson** We know the girl is loaded which I loved but legit nothing about Smokey. **Smokeya** The fact that she's screaming "Smokey" during sex was something I couldn't take seriously I'm sorry. **Smokeya** So the fucked up thing Smokey does is he thinks Ava betrayed him, **Smokeyacresfarm** Ava went to the bank and then she bumps into this shady dude whose name is Creed and he basically holds her money and hands it back, **Smokeyacresfarm** Apparently they had people take pictures and it looked like Ava was accepting money from Creed who is Smokey's enemy. **Smoky king legacy** I didn't really understand the motorcycle club drama but when this happened Smokey didn't even hesitate: **Smokeya** He told everyone to get Ava Raven who was getting to know Ava who was literally close friends with Ava punches Ava in the face and her and Kinky and Brick kidnap her: **Smokey mountain knife company** They bring her to Smokey and sure Smokey didn't touch her but he ordered others to hurt her it was so fucked up. **Smokey robinson** Ava's bleeding Raven even cuts her hair they let these two other "whores" as they called them stupid I know cut her and even hit her hand with a hammer, **Smokeyacresfarm** While Smokey was planning on how to cover up Ava's murder like what the fuck. **Smokey robinson** Raven beat Ava without hesitating rather than trying to think logically about why Ava would even work for Creed: **Smokeyacresfarm** The fact that on the same fucking day literally right away Ugly was able to figure out that Ava was innocent just showed how stupid Smokey and Raven were: **Kindle monkey** He showed them the footage and Ava was just curled up on the ground I felt so bad for her. **Smokey robinson** On top of that Smokey had them DESTROY HER BAKERY he literally ruined her life. **Smokeyacresfarm** ON TOP OF THAT her bakery was blacklisted because everyone in the town was scared since the motorcycle club hated her. **Smokey robinson** Seeing Smokey apologize and try to touch her had me disgusted, **Smokey robinson** I was so pissed when he wouldn't give her the key I was glad she changed the locks: **Smokey robinson age** He was so quick to call her a slut and tell her she wasn't a good fuck. **Pdf**

smoking cessation quit plan worksheet He hurt her in so many ways he got so close to her he knew exactly how to hurt her: **Smokey bones** First her ex and now Smokey and Smokey continues to say her ex messed her up when he did too but he does admit his flaws: **Smokey pfp** Even after all of this Ava still loved him but she stayed away, **Smokey mountain knife company** How could you still love someone who does this shit? And what does she even love? The guy comes over they eat and have sex but he never shares anything about himself: **Smokey book** And I don't understand how Ava missed the club when she was forced to do things she was uncomfortable with and even said she's not a party person, **Smokey robinson** I loved Harlow she was funny and she and Big Dick (yes stupid name) were hilarious. **Smokey and the bandit** Seeing Smokey being desperate and trying to make things right was satisfying, **Smokeya** Honestly he can't come back from that like how do you make up for that shit: **Smokey king shufflers** Seeing Raven feel angry and disgusted with herself was also satisfying even though she was acting on Smokey's orders she didn't even question it, **Smokey bones** I loved how he paid for the damages as he should and how he told the town to treat her properly, **Smokey robinson** I loved how she kept calling him out and telling him this never should've happened. **Smokey robinson** I love how she was tryna sell her bakery and leave she had a backbone and stood up for herself, **Smokey texture** I loved how she even had a sign that banned the motorcycle club and how they came without their jackets. **Smokeya** When Abriana showed up at her house I was so pissed she told Smokey Ava's plans to move. **Smokey bones** And I loved how after that Ava was like screw Abriana I don't trust anyone: **Smokeya** I loved seeing Smokey's regret and how helpless he was and how he admitted he loved Ava: **Smokey mountains** Seeing him go check the bakery every night and sitting outside of Ava's house was just so satisfying. **Smokey mountain knife company** But what annoyed me was that he constantly said that the club comes first before Ava: **Smokeyacresfarm** I thought in the end we would at least know Smokey's name. **Smokeyard** Like if they get married what's Ava's last name gonna be anyway? Ava Pokey it is: **Smokey robinson** When Ava found out she was pregnant I wasn't surprised she made so many mature decisions. **Smokey robinson** She told Smokey about the baby when she didn't have to: **Smokeyacresfarm** Seeing him continue to work for months to win Ava back was satisfying. **Smokeya** I felt so bad for Ava since she has to live with pain from the damage they all did to her that night. **Smokey bones** Her hand hurts the fact that she was pregnant when they did all of that is crazy they didn't know then but still. **Smokey robinson songs** When she went to the carnival and Smokey kept coming to win her games it was kinda cute: **Smokey book** Again what he did was fucked up but seeing the different ways he grovels was nice. **Smokey robinson** When he left the teddy bears at her door and said "We need a home" it was adorable: **Smokeyard mammoth** And I loved that Abriana cut Raven off after seeing Ava even though I was pissed with her, **Smokey hill designs** I'm relieved that despite the club woman saying she would have sex with Smokey he never does. **Pdf smoking cessation quit plan worksheet** He was willing to get rid of them for Ava but again these girls were treated like shit it's like they had no personalities. **Pdf monkey pricing** I don't understand how Ava is good with taking her kid to the club and getting used to that environment cuz that place isn't for kids. **Smokey mountain knife company** Seeing all the club members regret what they did was satisfying I liked how they all apologized over and over again. **Smokeyacresfarm** When Ava got stuck in the snow and Smokey came and helped her it was so sweet, **Smokey yunick book** Since Ava takes long to forgive Smokey I didn't care when they got together since she was just so miserable on her own: **Smokey and the bandit** When she and Smokey have sex again I knew it was coming so I wasn't surprised: **Pdf stock yahoo** Seeing Smokey buy her flowers constantly saying he didn't mean what he said to her on the night of the basement and continuing to fight for Ava was satisfying. **Smokeya** Ava continuing to stand up for herself and being strong made me so proud of her. **Smokey robinson** Smokey was pissed with Raven even though she did what he ordered her to do but he also admits it's his fault, **Smokeya** The second half of the book had so much character development Smokey would do everything to spend more time with Ava, **Smokey robinson** But still he never tells her about his past because it "doesn't matter" even though she wants to know: **Smokeyard mammoth** They named their kid Umberito which I

read as "Um burrito" and Ava doesn't even know why Smokey said it has to be that name. **Kindle smokey** I'm assuming it's Ugly's name? Ugly was so sweet until the end and helped save their relationship Smokey was going insane without Ava, **Smokey pfp gif** It was so funny how Ugly helped Ava give birth right after they killed Creed they could've killed him sooner: **Smokey moment kindle books** I liked how Ava told Raven she forgives her and Smokey proposed. **Smokey robinson** She's ready to live her own life in a new town opening a bakery, **Smokey king shufflers** She never expected to cross paths with Smokey the dangerous president of the Hell's Bastards MC, **Smokey robinson** Smokey wants the curvy blonde sitting alone at the bar and he always gets what he wants. **Smoky mountains** Ava doesn't expect more and promises herself she won't fall in love with the bad biker but Smokey gets under her skin. **Smokey nagata** He can't let her go and now he thinks she works for his enemy: **EBook smokey's** When the truth comes out Smokey knows he's hurt the only woman he's ever cared about. **Smokeya** After he loses her he has no choice but to win her back. **Smokeya** Smokey president of the Hell's Bastard MC takes an instant liking to her. **Smokey bones** The two hook up insisting it'll be casual but it never is: **Smokey mountain knife company** The club destroys her bakery Smokey makes sure to confirm her insecurities caused by her ex-husband and the women in the club beat her to near death: **Smoky king legacy** Once it's revealed that the photo is deceptive Smokey feels just awful and tries to "make it right". **Smokeya** Smokey groveled his little heart out and since we're privy to his point of view we know it won't happen again: **Smoky mountains** He could've put himself through what he put Ava through died resurrected himself and then do it ten times over again and still it wouldn't've been enough, **Smokey yunick book** I found myself sympathetic toward Raven despite their considerable involvement but I couldn't extend the same to Smokey, **Smokeyacresfarm** She's fresh out of an (emotionally) abusive relationship and the only other man she's been with is Smokey: **Smokey robinson songs** Despite how much I hated what happened I did enjoy Ava sticking to her guns (partly), **Smokey robinson** The road to redemption was not made easy and while it wasn't enough for me we know Smokey was genuine in his actions so maybe that's enough in the fictional world. **Smokey robinson** The story was captivating and despite the revulsion I felt while reading it I wanted to keep reading. **Smokeya** I liked how Smokey groveled but I wish the reasoning for it wasn't what it was: **Smoky mountains** At the end of the day I knew what I was going to read so I can't penalize the book for being what it said it was: **Smokeya** This was a pretty quick read about a gal getting her groove back after a broken heart and an MC. **Smoky king legacy** A sad sack woman just out of a dumpster fire of a marriage gets herself involved with the MC's Prez, **Smokey robinson** She starts planting some roots in this new town including opening a bakery while hooking up with the Prez: **Smokey bones** It's all supposed to be casual - no strings but of course things get fairly involved. **Smokey bones** Then accusations are leveled and the next thing you know our h finds herself in the MC's basement being tortured by several skanks and a female member: **Book smokey by will james** She's absolved of any wrong doing but not before they break her hand stab her with a scalpel and cut off her freaking hair. **Smokey pub paignton** A lot of the rest of the story is the Prez trying to slink back into her life: **Kindle smokey robinson** Another reviewer described the sex as "porn-y" a statement I would not disagree with: **Smokey mountain knife company** But where's the PTSD? The nightmares? The involuntary twitches and freak outs? That's surely going to be part of being kidnapped tied up and tortured, **Smokeyacresfarm** The groveling was kind of meh for the magnitude of the Prez's monumental fuck up, **EPub smokey point** I won't read it again mostly because I want to throat punch the h for rolling over so easy: **Pdf monkey pricing** And why have I just given 3 stars??? I'm slightly ashamed of having enjoyed this book because it's really awful: **Book smokey by will james** First of all I wonder if it's true that MC in USA are really that bad basically perverted criminals who kill rape and pay for sex and have orgies in their clubs: **Book smokey by will james** So they have this affair with plenty of sex everywhere in his office (office, **Smokeyacresfarm** Like a pet he only has one name and it's really bizarre because the heroine calls him smokey all the book I don't even know if she knows his name. **Smokey hill designs** Since he's mob boss he has rivals and he receives some pictures incriminating the heroine. **Smokey book** Ok

now there are things that may be forgiven and others that may not, **Smokey texas grill** Really?How can you go back from a thing like that?Even if she was guilty he should not have had to beat her and to kill her: **Smokey robinson** WTF is this?All the second part is about him groveling but I couldn't care less because he could have shat gold and jewelry and still I wouldn't have taken him back. **Smokey the bear** So of course eventually she's back with him and I was very sorry and couldn't really think about a happy ending for those two. **Kindle smoke and carbon monoxide alarm** So this one was crazy and creepy and I'm a creep too because after all I liked it in a twisted and disgusted way because there's no romance here only sex and violence, **Smokey nagata** Maybe she's only normal not model size?The hero likes her and finds her sexy and this thing I liked because he's not someone who loves impossibly skinny females. **Smokey robinson** He's also celibate when they are separated but all these characteristics are not enough for me to like him, **Smokey robinson songs** I'm starting to think that these are hard times for my emotional wellness to appreciate this kind of books[1]

You'd know Smokey's "grovel" sucked. Not romantic at all. I did like how Raven was a club member though. I felt that it was a standard MC read. The book felt very reminiscent of Gunner by Lola Wright. Looking forward to reading more from Sam Crescent. Kindle Edition 3. and I didn't love it but didn't hate it. there was few scenes that made me mad at the Smokey. and other people's in the club. .it take me awhile to forgive some members. yeah they try to get on her good side.5 in grovel out of 10. Smokey did some good grovling but I needed more. He got it easy wish it was more. But beside that they still had to deal with the drama. and that drama was alot. Angst.

Smokey texture

Not that he'll admit it. It will be intriguing to now discover her backstory.Reviewed By Beckie Bookworm<https://www.facebook>. I could not believe that she forgave and took him back. But she forgave him and they had an HEA. I just wish I hadn't read the book. Well everything about it sucked. Several cars had already disappeared from the parking lot. The club's presence had a tendency to do that. They had the power to send people running. Load of pussies. We got Ugly Beast Kinky Big Dick Brick and many more. They sound like R-Rated smurf names. Luckily I didn't have to wait too long for that. I'm like um ok. Like what the actual fuck. And this all happened after she told him she loved him. He just asks her questions and gets whatever he wants. It's so cringey how they wear their jackets everywhere. But we never know.I liked how Smokey kept asking for Ugly's advice. Smokey was so relieved that she was staying. Props to Harlow and her brother for calling Smokey. Seeing her cry while vomiting alone was just devastating. From the start he explains it's just sex nothing else. The pain of his punishment will stay with her forever. Ava won't give in though. He hurt her shattered her trust and destroyed her heart. The hero is the biggest asshole ever.Not a fan. Kindle Edition I've never felt so conflicted. Ava is freshly divorced and new in town. However it wasn't enough. He just wasn't forgivable. Maybe it's my issue and not the book's.I felt bad for Ava. Kindle Edition There be spoilers here.This one scratched a particular itch I had. The story moves fast and kept my attention.So it was fine. Kindle Edition What the hell have I just read.Not the writing style that was good.The whole location and concept is very wrong and disturbing.Is it for real?It seems like mafia or the mob.I'm really surprised because in Italy it's not like that.MC are just that clubs for people who love bikes.They are not the mob.Their somehow scary looks are only that. Scary looks.Here it looks like MC are mob.Only sex.A creep with no name.He's only Smokey.Really???Then the unthinkable happens.This one is not forgivable.He was going to kill her.To cut her to pieces.To hide the body.Then there's more.She's pregnant.So be warned if you want to read it. Kindle Edition.
