Hitbook express

Mallory Hart is the writer of steamy romance novels. **Hitbox** damn this is the truest mafia romance book ive read not that ive read many or i know how true mafia works but freaking hell I HAD COLD HANDS AS IF I WAS THE MAIN CHARACTER?? heart hammering against my chest and my stomach was crunching like im gonna be sick at any moment yes yes dang itAND IT WAS SO GENIUS? THE TWIST LIKE I WTF?? THE CODE !! GOD I LOVE THEM. **Het pdf bestand** pina and darragh (what a sexy name) love them so much they're totally the opposite attract couple and their banters have no business being hilarious☹️pina is a badass queen that take no \$hit from the ahole men in her life i love her. **Hitbox** go read this book pls if you love mafia romance and enemies to lovers forced proximity i came here to kill you and one bed and marriage of convenience goddang it i need to read book 2 immediately thank god it's already out Romance 35/5 ☹️This book was sent to me as an ARC in exchange for my honest opinionI. **Hit the books meaning** I honestly loved Darragh so much I'm a sucker for man obsessed and I loved when the MMC falls first so obviously I would like him! Guiseppina was much more difficult to like in my opinion I kinda found her ungrateful and sometimes it felt like she was just looking for a fight holding things against him that were not even his fault and constantly doubting him. **Hitbtc** The ending really left me flabbergasted though lol (cliffhanger) I am so curious about book too! Would totally recommend if you like mafia marriage of convenience forced proximity enemies to lovers a slight age gap too. **Hitachi nail gun** He says that and yet cooks her the same breakfast every day☹️ Romance Tbh at first I thought this was going to be an okay book even though I have to say the synopsis of the book was filled with suspense and that intrigued me and then when I started reading the Prologue I got hella intrigued. **Hitbox** I really loved how the author took time and put every detail of their surroundings and side characters which really makes reading enjoyable and thanks to Mallory for that cause I love to know the side characters and the surroundings as well rather than just focusing on the MCs. **Hitachi nail gun** When the Irish mafia's most dangerous enforcer is given an assignment to take out the Delarosa's prized jewel Darragh underestimates two things:- His ability to take out a woman- His unexpected sympathy for Giuseppina DelarosaAll Pina wanted is a brief taste of freedom before she becomes a prisoner once more but only this time to a different warden. **Hitman pro** ** Romance

When Mallory reached out to me asking me if I wanted to read an ARC of Hit all I needed to know was this was an enemies-to-lovers dark mafia romance and I was sold. **Hitv app** When she learns she is being married to the man who was responsible for the rape and murder of her only friend she vows to get away from this cruel fate even if her escape is death. **Hitbook express** With some Mafia books I find that the plots can get redundant and so I was pleasantly surprised to see how much thought Mallory Hart put into this and how well she executed it. **Hitachi** The bantering between these two had me literally laughing out loud and the spicy scenes were so enjoyable because when you get to them you're not desensitized and you're actively cheering for them. **Book hitchhiker's guide to the galaxy** 5 Romance I need to speck to the MANAGER! I've gone from frustration to rage to just pure FIRERY BURNING INFERNO RAGE! I need answers I can not sit here and say I'm just fine and it was amazing) This was sooo SO GOOD. **Hitler meme** Most mafia books these days are so boring to me bc the storylines feel repetitive but this...this was outstanding and so unique! The H Darragh is actually badass and will kill anyone if needed but was totally wrapped around this girl. **Hitv** In fact it was interesting reading that he still intended to kill the h Pina for a while for the first quarter of the book (but couldn't get himself to do it each time he tried). **Hit books** It had so many elements I love:-h who isn't a dumbass damsel in distress and so brave-virgin h + non-man-whore H-head over heels H who doesn't realize he's head over heels-H respects the h's wishes and demands-Mr. **Hitkast** Smith vibes Romance Pina & Darragh blew my ever loving mind!!! This book had me from page one and I had to finish it in one sitting! Pina wasn't what I was expecting at all she was strong feisty and never gave up. **Hit kindness cabin** Darragh had one job a job he's known for a job that he excels at except when he comes across Pina and decides to save her which in the end could be deadly for both of them. **Hitman** This author definitely had me hooked and I need to know what happens next!! This Mafia romance is a definite must read! Romance GIUSEPPINA I was never supposed to meet him but one fateful night had him saving my life,

Hitchhiker's guide to the galaxy

He goes along with the plan until he witnesses Pina trying to end it and he intervenes: **Hitomi** Instead of killing her he kidnaps her still unsure of her fate by his hands: **Hitler meme** The more time he spends with her the more he realizes he cannot kill her but he cannot free her either: **Het kinderrechtenverdrag** He comes up with a plan to protect her the only way he can: **Hit publicidad** Pina isn't exactly thrilled with his plans and does everything in her power to resist, **Hitman** I loved the banter.

Bòidheach !!!100000% recommend reading when it releases, **Hitjwc** 5STEAM: ☐☐☐☐One of my favorite action movies is Miss Bala: **Hitchcock books** I love a fierce heroine who gets the short end of life stick is faced with a ridiculous amount of adversity and comes out fighting and winning. **Hitkino** This book totally embodies that Miss Bala vibe and I love it: **Hitbox meaning** He is that feeling that someone is watching you the sound you don't quite know where it came from and the monster under your bed. **Hitknit** Instead of her family she is arranged to marry into a rival Italian clan, **Book hitler speeches** When Pina decides to free herself forever she is saved by the one person she least expect to be her savior: **Hit puberty tik tok**

This mafia romance is unique has teeth and takes no prisoners: **Het kinderrechtenverdrag** I always enjoy a romantic suspense laid out as a chess match and the surprising moves in this one definitely keep you at the edge of your seat: **Hitler meme** As part one of a duet there is a lot of ground to cover so the first half of the book has a slow burn and a somewhat slower pace: **Hitman pro** A fantastic blend of action romance and suspense it gives you a nice adrenaline rush as you follow the main characters around their plot for revenge and justice: **Hitbox controller** The spicy scenes are delicious; Mallory Hart builds a wonderful simmering tension from these two enemies that will have you biting your lip in anticipation for the ultimate payoff: **Hitv app** He is mysterious and dangerous; you know he is that shadow in the dark that you should be afraid of but still yearn for his fingers around your neck. **Hitachi energy** While he shines the best in the beginning it is Pina who takes the spotlight in the second half, **Book hitman** Like I said in the beginning the Miss Bala vibes is strong in this read and Pina owns that role: **Hitchcock** She transforms from a rich princess prone to tantrums to a strong warrior ready for any challenge and I absolutely love the growth. **Hit books to read** Because this is part of a duet it does end in a cliffhanger. **Hitbox meaning** I am already counting down to April when Book Two Marked comes out: **Het kinderrechtenverdrag** Giuseppina Delarosa Pina for short has been locked away her entire life waiting for the time when her father would use her as a bargaining chip to grow his empire: **Hit kindness cabin** Darragh O'Callaghan is the youngest son and the hit man of the head Irish Mafia family, **PDF hitbook** When he is informed his next hit is the Delarosa daughter their most bitter rivals he is taken aback as he's never killed a woman before: **Hit publish** Ever the dutiful son the push and pull the steam and the eventual respect between these two. **Hitknit** Also the hero falls first trope literally melts every single piece of my heart: **Hitler meme** I loved how Pina is a strong BA heroine despite her incredibly sheltered life, **Hitjezdravozit** If you're a fan of Sophie Lark strong heroines you will be OBSESSED with Pina: **PDF hit** This does end with a cliffy but this couple deserves a perfect HEA and I'm willing to wait to get it. **Kindle history clear** If you like dark mafia and her life was never her own. **Hitbox meaning** When she learns that she's to be married off to a notorious ally Pina realizes she must find a way out even if it's at the cost of her own life, **Hitachi energy** What she never expects is Darragh O'Callaghan - the son of her father's number one enemy and the man sent to kill her: **Kindle history clear** Except on that cold rainy night Darragh makes an unexpected choice and everything changes. **Hitbox meaning** Once I picked up this book I honestly didn't put it down until I got to the last page. **Hitkast** Then I screamed and immediately went to check when the second book was going to be released. **Hitchhiker's guide to the galaxy epub** I've read numerous Mafia books over the years and honestly I found this one to be satisfyingly unique, **Hitchhiker's guide to the galaxy** I thoroughly enjoyed the complexity of the plot and the fact that I could never predict what was going to happen next, **Book hitler made** I was at the 95% mark still holding my breath and furiously reading as the intensity of the plot just sucked me in and refused to let me go, **Lucky hit epub** I have so much respect for her like she was raised with barely any life skills but when life got tough this girl pulled herself together and handled it: **Hitman pro** She's someone who has been constantly underestimated by the men around her but Pina doesn't let that make her feel inferior: **Hitac tuca rce** No she uses it as fuel to prove to herself that she is just as strong as them and honestly to me she's far stronger, **Hit pfp** Aside from being undeniably attractive the man is smart funny and soft underneath that rough exterior: **Hitler meme** His backstory along with his interactions with Pina and his brother Rory are just *chef's kiss*: **Hitler meme** Something I want to commend Mallory Hart for is giving her side characters depth. **Hitkast** Her side characters aren't just there to further the plot rather they're fleshed out developed characters who you can definitely get attached to: **Hitbox meaning** I loved that this was a slow burn and enemies to lovers. **Hitachi nail gun** It being a slow burn also meant that the plot was not overshadowed by the romance but rather the two intermingled perfectly: **Hitman pro** A drawback I will point out and the reason I didn't give it a full five stars is I did notice some slight grammatical errors. **Hitbook express** They're not plenty they're not huge and for me personally they didn't detract from the plot but I did want to make note of that, **Hit pfp** Also I thought the use of the expletive "fucking" was a little

overdone: **Hitv app** I understand that Darragh is Irish but it would've been better to have some variety instead of repetitively using that one word: **Hit book ukulele** Overall those drawbacks don't overshadow how much I enjoyed this read: **Hitomi** I'll be eagerly anticipating book two and the conclusion of this story, **Epub italiano** like omg I cannot emphasize wow much this rocked my world: **Hiltl** To see him go from trying to kill her to constantly saving her and killing anyone who would try to harm her was incredible. **The hobbit ebook** The romance was so good! It had great ~pulling at your heartstrings~ teasing and a spicy build-up all packed nicely with an adrenaline rush, **Kindle history** It was so romantic when after he saved her from drowning she asked him "What are you?" and he looked at her meaningfully and said "Your husband". **Hitkino** He's ruthless cold and a killer but something draws me to him anyway: **Hitfix** And I know one wrong slip may make him change his mind about sparing my life, **Hit ebook** But I want to test him push him be a part of his world: **Hitachi seaside park** But something about Darragh has taken me over and I don't know how long I can resist . **Hitbox meaning** All her life Giuseppina Delarosa knew two things: what her father and brother did after dark was a secret and her life was never her own. **Hitkrant** As the sole daughter of Don Delarosa's clan it was well known a marriage would secure the future of the family. **Hitknit** But when she learns she's to be wed to an infamous ally Giuseppina has other plans: **Hitfix** Darragh O'Callaghan is good at exactly two things: not caring about anyone and killing his enemies. **Hit the books meaning** The only Irish mafia in the city needs good enforcers to keep their borders and Darragh does his job well. **Hitbook express** So he can't understand why he screws it all up when a hit is placed on the Delarosa gang's prime jewel: Giuseppina Delarosa: **Hit publish** Hit is a slow burn enemies-to-lovers dark mafia romance.
