Then you are completely wrong. The book is written in the dialogue form. Its not exactly dialogue form but a conversation type read. The book is a conversation between a daughter and her mother. I liked the book. It kept me engaged from start to end. The language is easy and lucid. The book is available in both formats-Kindle and paperback. A very different and a good read. Etiquette is the foundation of any civilisation. And as we can see today everything is built on that. However no one told you why when or how. This book is segmented into 40 parts. Everyone has advised you to be courteous and well-behaved. However no one told you why when or how. The story style of the book isn't at all exhausting. Yet everything today are based on it. And the subsections are divided into chapters. Author stole my attention from that point only. That makes it easy to read and understand. Quite informative and easy read. Recommended from my side. Pratik Bharat Palor Imagine. So let's dive into. After that it divides into three parts:-1. 2. Position related:-It's the most important part of this book. But man! The best is yet to come. So here's. 3. And that's where these techniques come in handy. Also the flow. Then go with this one. Trust me it's marvelous and you will never forget it. But nobody told you why when and how. It is very understandable because of the Koreros. This book gave me some positive vibes. Every person hears this term in some or the other situation. The chapters are really well designed not boring at all. Pratik Bharat Palor.
