

Batman/Catwoman #6 By Tom King Sigo sintiendo que Tom King aún no ha establecido la historia del todo (y ya llevamos 6 número) y que a no ser que nos esté engañando y de cara el final todo conecte. Sin duda me quedo con ese momento de calma con Selina hablando más de ella en unas páginas que en varias décadas e historias diferentes comiqueras tan solo con una caja de adornos para el árbol de Navidad que está colocando. And when she killed the old clown did it trigger this feline's ninth life? Or maybe it was really over all those years ago the first time Phantasm drew her blood and Batman had to face a harsh truth. There are big revelations waiting to be found here at the halfway point in Tom King and Clay Mann's final word on the Bat/Cat romance!

Batman/Catwoman #6 Said it before I'll say it again really enjoying the series. The writing is just so badly done!! And the action dialogue like the rest of the comic tells you nothing you didn't already know we learn nothing story wise except Selina and Joker are buddies (I admit I do like that), Kindle Edition Aunque me ha parecido el mejor capítulo hasta ahora siendo el más sencillo y honesto y siguiendo contando con el salvavidas del estupendo dibujo: Esta miniserie sigue resistiéndose de momento a que la pueda calificar con algo más de Me gusta: Parece que le ha podido la ambición con narrar la historia yendo de una línea temporal a otra de las 3: Kindle Edition Same as last issue I really dislike this comic.

As mysteries deepen so do resentments, Throughout her life Catwoman's actions have caused many close to her to doubt her motivations, Bruce Wayne Phantasm and now her daughter have all had their suspicions about her deals with The Joker: ****SPOILER ALERT**** Particularly loved this issue with Selena donning the old costume and hitting the city and Dick as the new Commissioner. Kindle Edition i'm feeling generous so i'm giving it 2 stars cuz godammit i'm a sucker for amazing art, also that last bruce and selina panel <3 Kindle Edition damn fucking right she did !!! Kindle Edition Really liking this series: Kindle Edition Art still fantastic the fights are great I really do: This comic would be great if the dialogue was removed because the art is fantastic! Kindle Edition Great installment. The most simple and probably the most meaningful of the series so far, Helena and Selina's interaction is quite powerful and the flash-backward is only one amazingly simple interaction from the past but a lot of complexity layered into it. There's a real talent to telling a whole lot of story in a smaller space. Many writers struggle with that or just seem to use the issue-by-issue format as an excuse to give up trying to move the plot along: But this issue is a great example of showing story movement through taking the correct small steps that propel things much farther than you think they will: Kindle Edition I'm trusting King's going to deliver a pay-off: Not a fan of this jump-around style but it's not terribly hard to follow. goodness If this title does suffer more delays tho that'll really hurt it in my eyes[1]

But not sure where the story is heading. feels on repeat for plotpoint wise. Kindle Edition Things are starting to make more sense. Really enjoyed the Joker in this issue. EL JOKER. It's a great new take on characters we've grown to love. A tad difficult to follow thru 3 or more timelines. But the overall effect is pretty exciting. Clay Mann's art. Kindle Edition
