And the plan. Now you have the operating manual. It's reading for 2+ hours. And it's more like a manual / method description. With this book.

Moveit

Ideation. Transition. Execution. Surviving each one is not good enough. You want to thrive evolve and when necessary transform. It's a kind of field tactical guide for the CEO. Worth every penny and every minute spent. My suggestion - try to buy in paper or as an e-book. It's hard to use the battle manual recorded on the tape
