

The Sound of the Sea: Seashells and the Fate of the Oceans By Cynthia Barnett

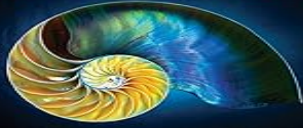

## **The Sound of the Sea nonfiction books**

A Science Friday Best Science Book of the Year  
A Kirkus Reviews Best Nonfiction Book of the Year  
A Library Journal Best Science and Technology Book of the Year  
A Tampa Bay Times Best Book of the Year  
A stunning history of seashells and the animals that make them that will have you marveling at nature...Barnett's account remarkably spirals out appropriately to become a much larger story about the sea about global history and about environmental crises and preservation (John Williams New York Times Book Review ). **The sound of the sea book** In The Sound of the Sea acclaimed environmental author Cynthia Barnett blends cultural history and science to trace our long love affair with seashells and the hidden lives of the mollusks that make them. **The sound of the sea book** Spiraling out from the great cities of shell that once rose in North America to the warming waters of the Maldives and the slave castles of Ghana Barnett has created an unforgettable history of our world through an examination of the unassuming seashell. **The Sound of the Sea science news** She begins with their childhood wonder unwinds surprising histories like the origin of Shell Oil as a family business importing exotic shells and charts what shells and the soft animals that build them are telling scientists about our warming acidifying seas. **The sound of the sea book** From the eerie calls of early shell trumpets to the evolutionary miracle of spines and spires and the modern science of carbon capture inspired by shell Barnett circles to her central point of listening to nature's wisdom—and acting on what seashells have to say about taking care of each other and our world. **The sound of the sea book** 12 illustrations The Sound of the Sea: Seashells and the Fate of the Oceans Cynthia Barnett is the author of four books including The Sound of the Sea: Seashells and the Fate of the Oceans (WW Norton 2021). **The Sound of the Sea science news** The Los Angeles Times writes that she takes us back to the origins of our water in much the same way with much the same vividness and compassion as Mic Cynthia Barnett is the author of four books including The Sound of the Sea: Seashells and the Fate of the Oceans (WW Norton 2021). **The sound of the sea book** The Los Angeles Times writes that she takes us back to the origins of our water in much the same way with much the same vividness and compassion as Michael Pollan led us from our kitchens to potato fields and feed lots of modern agribusiness: **The Sound of the Sea kindle app** Seashells have been the most coveted and collected of nature's creations since the dawn of humanity: **The sound of the sea book** They were money before coins jewelry before gems art before canvas: **The sound of the sea by cynthia barnett** Her most recent previous book Rain: A Natural and Cultural History (Crown Random House 2015) was longlisted for the National Book Award a finalist for the PEN/E: **The sound of the sea book** Wilson award for literary science writing and named a best book of 2015 by NPRs Science Friday Kirkus Reviews the Tampa Bay Times the Miami Herald and the Boston Globe. **A seafood sound alike word of science** Barnetts author persona as part journalist part mom part historian and part optimist, **The sound of the sea book** Her most recent previous book Rain: A Natural and Cultural History (Crown Random House 2015) was longlisted for the National Book Award a finalist for the PEN/E. **The Sound of the Sea nonfiction books** Wilson award for literary science writing and named a best book of 2015 by NPR's Science Friday Kirkus Reviews the Tampa Bay Times the Miami Herald and the Boston Globe: **The sound of the sea book** Barnett's author persona as part journalist part mom part historian and part optimist: **EPub The Sound of the seahawks** Barnett is also the author of Blue Revolution: Unmaking America's Water Crisis and Mirage: Florida and the Vanishing Water of the Eastern U, **The sound of the sea book** She lives with her family in Gainesville Florida where she also teaches journalism at the University of Florida.O.The Globe has described Ms.O.The Globe has described Ms.Ms.S. {site\_link}

"A HISTORY OF FASCINATION AND OF SHAME... THIS COMPLEX, UNFORGOTTENED AND REDEFINING AS ITS SUBJECT."  
—KATHARINE ROSSBY, WASHINGTON POST
