This masterpiece of modern comics storytelling brings to vivid life a dark world and an even darker man. **New dc comics graphic novels** Together with inker Klaus Janson and colorist Lynn Varley writer/artist Frank Miller completely reinvents the legend of Batman in his saga of a near-future Gotham City gone to rot ten years after the Dark Knight's retirement. **Batman rises** But can Batman and Robin deal with the threat posed by their deadliest enemies after years of incarceration have made them into perfect psychopaths? And more important can anyone survive the coming fallout of an undeclared war between the superpowers—or a clash of what were once the world's greatest superheroes? Over fifteen years after its debut Batman: The Dark Knight Returns remains an undisputed classic and one of the most influential stories ever told in the comics medium. **Batman uk** Collecting Batman: The Dark Knight Returns #1-4 Batman: The Dark Knight Returns Frank Miller is an American writer artist and film director best known for his film noir style comic book stories. **Batman kindergarten game** An example of this is in the second fight with the Mutant Leader the Leader cannot understand Batman is targeting nerve clusters and showing him shallow cuts in the just the right places can be effective. **Batman forever** I also like the way Batman has evolved he is not above using guns will kill to protect given no other option and lacing his smoke bombs with a watered down version of the scarecrows fear gas is genius not only does he appear in front of his victims he appears in front of them as their worst nightmares! The others Commissioner Garden is still Batman's biggest supporter but is facing retirement it is not really until he is gone that Batman man realises how much Garden protected him. **Batman cast** Alfred is still the dutiful servant but that is what Bruce seem to treat him like in this story a servant someone to tell what to do and expect it to be done nothing more nothing less. **Pdf batman** Having said that Alfred does manage to get in some verbal barbs of his own and though Bruce values his opinion probably more than anyone else's but there is a clear line saying Bruce/Batman is in charge live with it. **Batman forever** I can't deny its importance to the form (and to the myth of Batman -- responsible as it is for Bruce Wayne's shift into the Dark Knight era) but having taught it a handful of times and read it for

pleasure a few more (this reading having been prompted by Christopher Nolan's disappointing trilogy caper *The Dark Knight Rises*) I feel that it is a vastly overrated work. **Batman book ends** In fact I will go so far as to suggest that we're damn lucky Frank Miller can express himself in words and pictures (and get rich doing it) because if he couldn't express himself artistically (or was a failed artist like a certain Viennese painter) I'd put money on him walking into a theatre or a Sikh temple or a political round table and opening fire. **Batman publishing** *The Dark Knight Returns* is an ugly manifesto for vigilantism; it is the mad nightmare of a right wing kook who sees the world in ways that it simply isn't; it is an apologia for the first strike; it offers chaos and evil and calls it anarchy without any understanding of what anarchy is; it is a jingoistic Soviet-era piece of Cold War propaganda; it is an attempt to rationalize violence as the proper response to violence; it attempts to reinforce the myth that a good man (or country?) can do bad things to bad people and the act cannot therefore be bad; yet it offers the tools to undermine and deconstruct the delusions of its author with what seems to be total obliviousness. **Batmanstream** He's the ultimate rich bully the bully who gets away with his bullying -- even today in our hyper-aware bullying police state -- the bully whose bullying is okay because it is targeted at other bullies or because the bully is too beautiful and rich and popular to really be a bully. **What streaming service has batman the dark knight** I closed the cover of this book moments before I started writing this review and I can tell you that it's been a long time since I've felt so disgusted by the work of an author. **Science fiction fantasy batman begins fanfic** How could an idea that has had some truly excellent manifestations (such as Nolan's *Batman Begins* or Jeph Loeb's *Batman Hush*) come from such awful source material? How can people like this book? What the hell am I missing? It's a mystery that only the World's Greatest Detective could solve. **Batmanstream** In 1986 Frank Miller (*Sin City*) blew all of the camp out of the water and reclaimed a bit of popular culture by writing a stunning *Batman* and not so incidentally a picture-perfect example of why graphic novels aren't for kids. **Best batman comics and graphic novels** 9781563893414 It's one of the definitive *Batman* stories! It's brilliant! It helped comics become more serious! I hate it! Hello everyone welcome to another edition of *Tim* has an unpopular opinion. **Batman bookends** There has been plenty said about how Miller has become a self-parody of his work and how *Sin City* ruined his writing and that it's hard to enjoy his older work because of this. **What streaming service has batman the dark knight** I'll also say something that most people who dislike Miller won't say; I genuinely enjoy some of his *Sin City* work (not all of them but I've read them all and actually do think there are some gems). **Batman forever** I know this is very much an opinionated thing but this style worked better in Miller's later black and white style because the panels were frequently larger and less detail actually made the issues less obvious. **Batman mask of the phantasm** It did help get comics to be taken more seriously it did help people think of *Batman* as the *Dark Knight* rather than *Adam West* and it did help usher in more interesting stories involving Superheroes. **Batman dark knight** I struggled with the story structure -- all the perspective switching left me frequently scratching my head to figure out who was speaking where we were and what the Heck was happening. **Batman publishing** I was bothered that there was no discussion of *Ellen/Robin's* family -- we have VERY little information on her or why she wants to join *Bats* how she really proves that she's worthy etc. **Batman returns** THE JOKER IS SUPPOSED TO BE A PSYCHOTIC HOMICIDAL MANIAC AND NOT AN UNDERSTUDY TO CHARLES NELSON REILLY THANK YOU KIND SIR FOR RESTORING MY FAITH IN THE COMIC MEDIUM!! OKAY NUFF HISTORY. **Batman news** One of the most influential graphic novels of all time this amazing story single-handedly resurrected the character of *Batman* as the *Dark Knight* after the 70s and early 80s had turned him thanks in large part to the success of the television show into a light-hearted campy hero (I refer you back to the history lesson above). **V cyberpunk vs batman** In Summary I would say that for all of its historical significance the best reason to read this is that it is truly a great work of fiction and one that gets my HIGHEST POSSIBLE RECOMMENDATION as it is. **Batman bookshelf** 9781563893414 *Batman: The Dark Knight Returns* (*The Dark Knight Saga* #1) Frank Miller Klaus Janson (Illustrator) Lynn Varley (Illustrator) *The Dark Knight Returns* is set in a dystopian version of *Gotham City* in 1986. **Kindle batman begins** *Batman: The Dark Knight*

ReturnsSeries: BatmanPaperback: 224 pagesPublisher: DC Comics; Anniversary edition (February 16 the true ugly face of reality will always stay burned inside the memory of the poor billionaire. **Batman motorbike** Aging also doesn't really help in a world that hasn't become better since he began his crusade against crime and injustice so he has to Strongly rely on tech compensating the fading reflexes and strengthA not real superhero just made of tech like Batman and Ironman is more sympathetic and easier to relate to and identify with than the mutants aliens wizards and people born with these powers. **Batman book for 6 year old** But not even winning under dire circumstances can make Bruce happy because Human nature sucksEven after some success against the dark side the whole victory gets toxic because the proselytized baddies are so overachieving that they satirize the whole doing good concept even more than Batman himself. **Batmany year** Just as in conventional colorless literature there is such a deep layer of big history postmodernist deconstruction dark satire and loads of innuendos and connotations that it's just a joy to see all the Potemkin villages of functioning fair Western fringe sockpuppet democracies collapse under the intellectual vacuum created by poor abused voodoo humanities. **Batman cast** Both of these elements are so freaking complex that one could go forever vivisectioning them but let's just say Ronald Reagan got roasted and that repeating psychological and psychiatric studies leads to interesting replication crisis catastrophes shaking the foundations of humanities. **Batman kindle** Even Adding Superman to the mix can't create a happy endingWhen 2 heroes one truly superpowered and the other one gifted with technical ingenuity and physical once superiority are unable to fight the system what should one little weak human being do against these sinister forces? Maybe online socializing organizing and thereby eco social improving the world instead of trolling hating and fake newsing? Wait that was too optimistic for the dark tone of this novel I mean we are dooomed and all hope is gone. **Batmanu uk** And if (God forbid) I wrote a review saying I didn't like this?! I've picked this up from the library multiple times flipped through it stuck it in my bag and then took it back to my local branch at my earliest convenience. **Batman books in order** Which maybe wouldn't have been enough to turn the tide all by itself but right around the same time (serendipity?) a friend here on Goodreads was kind enough to gift me a copy:

Knight Returns Batman Year One and 300: **Batman name** Librarian Note: There is than one author in the GoodReads database with this name: **EPub batman books** {site_link} really enjoyed this comic; I keep wondering why it took me so long to read it, **Batman book for 6 year old** I finally got around to reading it after being blown away by Batman: The Dark Knight Returns with a couple of exception. **Batman book for 6 year old** I have to say I prefer the animation of the movies but I think at the time of the comic and for what is trying to be portrayed it does work. **Batman book** Meaning Batman strikes from the shadow leaving his opponent incapacitated and confused as to what just happened: **Batman pdf boyama** A couple of the panels like when Batman takes out the pimp in the back of the taxi I it took me a while to see what happened from the art work: **Batman netflix** Like I said these were surgical strikes and it does put me in the mind of the pimp with a broken hand thinking my hand is broken what just happened: **Kindle batman** When Batman decides to show himself the art work reflects that by drawing bigger more detailed pictures of him: **Batman books christian bale** The main thing I did not like about the comic was I thought there was too much of the talking heads. **Batman pdf coloring** The media discussions of Batman I can understand why this was done e, **Batmany year** the Arkem psychologist taking an anti-batman stance to sell more of his book and make a name for himself but I think it was a bit overdone: **Kindle batman** I mean all together this probably makes up half the contents of the book. **Batman uk** The best think about the comic and it major advantage over the movies is the internal dialog Batman has with himself, **Batman netflix** In the movies they make Batman talk more to explain his methods, **Batmany year** Whereas if you look at the comics there are very few speech bubbles while he is Batman and most of these are orders or threats: **Batman rises** The rest of them it is Batman analysing everything in his head, **Batman's saying** I think that is what makes his scarier (like when a magic trick is explained it is not as impressive) having the unknown factor is what Batman his edge. **Batman book cover** I also like the way he keep thinking lucky with every near miss and the explanation of why he paints a big bright target on his chest, **Batman 2021 cast** The Joker is just as evil as ever he comes out of his coma with the return of Batman and makes one last mass murdering run at Gotham, **Batman publishing** Unlike in the movie the Joker is not a physical match for Batman but is a master of psychologically pushing his buttons. **Batman book for 4 year old** He knows this is his last chance if you will and he wants to die at the hands of Batman, **Science fiction fantasy batman begins fanfic** Batman says it is because of Clarks respect for people in authority but he also says to Clark nobody could force Clark to do something he did not want to do. **Batmanstream** Strangely Oliver and Clark share the same opinion on Batman he is too loud he plays things mysterious but a loud kind of mysterious. **Batmanstream** Clark in his thought also says Batman need to work more in secret like he is force to do: **V cyberpunk vs batman** This could be why he does not let anyone see him when he comes to Gotham: **Batman book ends** Maybe he should do something about his costume if he is trying to keep a low profile, **Batman año uno epub** The only thing I do not like it the relationship between Bruce and Alfred. **Batman book** I great comic very detailed excellent as a standalone or as a companion to the movies to fill in extra details. **Batman book character** Enjoy reading it repeatedly over multiple sittings it is a lot to take in. **Batman pfp** All good!!! 9781563893414 More often than not Dark Knight Returns is considered one of the greatest graphic novels -- if not the greatest. **Opening epub on pc** Batman is an ugly thug a giant meat head a bludgeon a nasty beast of a man who revels in the torture and maiming of the evil denizens of Gotham, **Science fiction fantasy batman** Miller's Dark Knight isn't complex in any way -- certainly not in the way many of his antecedents have achieved: **Dc comics graphic novels for young adults** His parents died violently so he became a weapon against criminals, **Can you open epub on pc** Miller also gives us the shabbiest expression of Superman ever to hit the comics. **Batman cast** Just like the Batman there's no complexity to the Man of Steel. **Batman book** He's a Boy Scout who follows the law and does what he's told by his leaders so he's a target for Miller's ham-fisted criticism, **Batmany year** Miller tells us Superman is weak and less than Batman because he can't do what must be done the way Batman can, **Batman 1989** Superman doesn't torture and maim; Superman doesn't kill; hence Superman is a pussy: **Batman book** It gets worse for me each

time I read this but like a moth banging into a window I can't stop returning to this trying to see what I miss that everyone else sees: **Pdf batman** My disgust gets worse each time I read it yet I can't stop my examination of how this nasty tale could have led to our fascination with The Dark Knight, **Batman's saying** Too bad he was nowhere to be found in The Dark Knight Returns: **Batman pfp** 9781563893414 When I was growing up comic books (this was years before 'graphic novels') were frowned upon in my household but I was addicted to them anyway: **Kindle batman X-Men** to be precise because OMG Jean Grey was smart and tough (at least until Dark Phoenix) AND had both Scott Summers and Wolverine in love with her, **Batmany year**) Batman was a joke back then thanks to that moronic TV show: **V cyberpunk vs batman** But Batman the real Dark Knight wasn't a joke--if Superman is who America yearns to be; Batman is who we're afraid we are: **Batman rises** The artwork is fabulous the characters are crisp and complex, **Batman bookshelf** It's not just the original Dark Knight it's who that character evolved into. **Batman books for 10 year olds** Dark twisted bitter but still fighting to make things better, **Science fiction fantasy batman fan books** The movie Batman Begins never would have been made without this Dark Knight, **Batman 2021 cast** Okay so that last one is an exaggeration I do not hate the Dark Knight Returns but I do not like it and I certainly do not love it like so many do, **Batman año uno epub** Let's get this started with the direction most people seem to go with I do not like Frank Miller. **Batman kindergarten game** I'm not going that direction though I honestly see where that group comes from: **Batman kindle** The story could be amazing but it would be hard to get over a three star review simply for the art, **Batman 2021 cast** It's blocky it's cramped because of the small panels and it's unimpressive all around, **Batman bookshelf** It's unpleasant on the eyes and it legitimately gave me a headache. **Kindle batman begins** Oh yes I know he gets worse with this later but it was annoying attempt at political comedy here and adds very little to the actual story. **Comics Graphic Novels batman forever** I dislike Superman as a character always have and most likely always will but even I will say that Miller is just ridiculous with his portrayal of him, **Can you open epub on pc** Superman is guided by a moral compass he should not be portrayed as an ineffectual tool for the government, **Batman order** He may be all American but his loyalty to the government (as shown many times) would not stretch to the lengths Miller goes to. **Batman netflix** He's a joke here just to show how awesome Batman is in comparison. **Batman pfp** Jesus Christ Frank I don't even have words but maybe the Joker does. **Batman uk** (Made even funnier by the fact that she is supposed to work with the Joker. **Batman netflix**)Now I won't disregard the merit of this book in terms of the history of comics. **Batman books for 10 year olds** I also admit that I genuinely liked Carrie Kelley's story line about becoming Robin. **Pdf batman logo** I love that one of the Mutant members says It's just a Goddamned bat, **Batmany year** Because well Thanks Miller you added to your meme retroactively. **Batmanstream** 9781563893414 I know I'm alone in this but I didn't really like The Dark Knight Returns: **Batman forever** I was confused by some characters (the guy with the freaky flying baby bombs?), **Is the batman trilogy on netflix** She shows up in costume one day and he decides she's good enough? Hrmph. **PDF batman logo** I just found myself laboring through it rather than enjoying it. **Batman comics ebook** I look forward to reading Dark Knight Year One to see if I like that any better, **Batman books for 10 year olds** HOLY ASSCLOWNS BATMANand don't forget (though I know you WANT TO) UHH UMM. **Batman pdf book** I HAVE NOTHING TO SAY TO THIS AS IT IS JUST TOO PAINFUL: **Batman book** HOLY REVERSAL OF FORTUNE THE DARK KNIGHT IS A SCARY DUDE AGAIN OH I GET IT NOW, **Comics graphic novels batman and robin** This story pushed reset and Batman once again became the dark fanatic often ruthless character he was created to be, **Batman's saying** As important as WHAT this graphic novel did for Batman specifically it had an even greater impact on comics in general, **Batman forever** Prior to the publication of "The Dark Knight Returns" the entire comics industry was sagging and had lost a significant percentage of its fan base, **Batman 1989** The popularity of Frank Miller's visionary work of this book led to a whole new era in comics, **Batman kindergarten game** Following its success comics saw the creation of very popular "anti-heros" like Wolverine and the Punisher both of which were inspired by Miller's version of the Dark

Knight: **Batman motorbike** In addition the comic world began to see darker edgier versions of classic characters being aimed at more mature audiences (e. **Science fiction fantasy batman fan questions** Bruce Wayne aged 55 has given up the mantle of Batman after the death of Jason Todd ten years prior and now lives as a bored bachelor. **Is the batman trilogy on netflix** As a result crime is running rampant throughout the city and a gang calling themselves The Mutants has begun terrorizing the people of Gotham, **Batman dark knight** Not to speak of the ethical and philosophical implications of what is really good and bad in individual and meta contexts. **Batman returns** In both this aspect and its deeper meaning and innuendos it kind of Reminds me of Watchmen Like no other graphic novel I've read so far: **Batman pdf español** But because I'm still a genre rookie that might just be a subjective fail but I won't beg for forgiveness like a battered criminal. **Batman pfp** There is no real hope the world is depressing and the only main difference between the two works is the integration of fantasy elements in Watchmen, **New dc comics graphic novels** In both cases the really big deal is to Compare the movie and the graphic novel To milk massive mind penetrations of how complex these things are: **Batman book** The rotten core is so bigoted inhuman and cynical that in the end Hope fails epically Thanks to bad old school psychiatry and conservative right wing politicians, **Batman name** Tropes show how literature is conceptualized and created and which mixture of elements makes works and genres unique: <https://tvtropes.com>: **Comics graphic novels batman pdf** 9781563893414 Batman You gave my book two stars? Me Yes it was boring and too political. **Batman publishing** Who wants a bunch of boring politics? I couldn't take it anymore. **PDF batman logo** Batman Me Batman 9781563893414 Because the best kind of classic has pictures. **Batman books** I've actively (and successfully) avoided reading TDKR for many years now. **PDF batman logo** Now if you aren't a comic book reader then you might not understand how big of a deal this book is but if you are, **Batman's saying** Which means you're also aware of all the rabid comic nerds out there who go all stabby when you don't like their favorite character publisher title bobblehead action figure, **Batman's saying** Believe me I know how dangerous it can be to wade into dork shark infested waters, **Batman order** deep breath Because of the huge amount of dialogue and all those fucking Talking Heads! I mean for real Miller? You're killing my tiny dinosaur brain with all of those woooooords: **Science fiction fantasy batman reading guardian** <--personal opinion Sometimes the characters look like they're lumpy or something, **Batman bookshelf** Perhaps Miller & Janson envisioned a world where everyone was made of congealed oatmeal or cottage cheese? ducks runs Ok. **Batmanstream** Anyway I ended up finally giving in giving up and giving TDKR a fair shot sigh because my teenage son wanted to read it, **Batman returns** Plus after my son got done with it he basically shoved it at me while making all these weird squealing fanboy noises. **Batman uk** I assumed this would probably go down as one of those comics that I had to read but didn't really like: **Batman publishing** its importance for Batman mythos can't be denied but that doesn't always equal something that can stand the test of time, **Comics Graphic Novels batman forever** And it especially doesn't mean that someone with my pea-sized tolerance for dry/crunchy/old comics will savor the reading experience, **Batman 2021 cast** This was a great Batman story but not quite what I would call 5 star stuff in 2016, **Batman cast** yeesh they almost did me in! The cluttered feel of so many of the pages kept me from wanting to linger and the knobby faces of the characters were (at times) a turnoff. **Batman name** It was just as gritty and dark as I was promised but there was also a glimmer of hope to it that I wasn't expecting. I am glad I did. I quick recap of the story. Bruce is no longer Batman. There has been no Batman for 10 years. Gotham has become a darker and more lawless place. {site_link} See this thread for information. {site_link} See this thread for information.g. Garden is the same tough but fair cop he always was. Superman has become a tool of the establishment. A true classic for Batman fans. And Frank Miller is delusional. There is no depth to the characters in this book. He is ugly and nothing more. It's as shallow as it is simple. (I do love a good soap. Your library probably has a copy of this; check it out. I disliked this book before I disliked Miller. I dislike this book for four main reasons: 1. The art. I hate genuinely hate the art style. It's ugly to look at. 2. TV talking heads. 3. 4. Swastika pastie woman. obviously other comic creators disagree with Miller's take. I like nothing

else. okay that's a lie. 2/5 stars. I don't buy it.Eh. In contrast I loved The Long Halloween.
