Visit her at {site_link} www.louisamorgan.net. Visit her at {site_link} www.louisamorgan.net. Beatrice Bird is plagued by ghosts. It's a gift she's had since she was a small child. She sees as few people as she possibly can. She doesn't call home. Beatrice sees and feels other peoples "ghosts". Dr. All of the characters except James was my favorite. I love how this author weaves everything together easily. As her gift intensifies so does her need for relief. This causes Beatrice to flee everything. This story was awesome. It's a ghost story yes but it was so much more. It had drama mystery and danger. This story was both heartwrenching and powerful. The best I have this year so far. It's an honor. The book offers mystery paranormal activity and magical realism. And some ghosts for good measure. It is wonderful. I received my copy from the publisher through edelweiss.
