Will Jerry and Gunter be able to find the husband before hypothermia sets in? Will Max's present be delivered on time or will it disappear by the time they arrive? Jerry ends up in a terrifying blizzard. He knows he's ended up there bc someone needs help. Write faster Ms. I love Gunter and his little escape artist. Anxiously awaiting more. It's a wonderful story and series that everyone will enjoy. Oh and can't wait till you meet Houdini. In my defense I read the first one on Friday. I bought the series on Saturday. It is now 9 p.m. on Monday and I just finished Book 12. I have enjoyed Jerry McNeal and Gunther so much. I foresee many enjoyable hours of reading from her. Special Delivery (Jerry McNeal #12)

Sherry A. Sherry A. I feel like I know all the characters personally. The paranormal balance was perfect at least for me. Shouldn't do it and sometimes it doesn't work out. This time it is perfection. Good thing there are so many books and so little time. Ready for more. He even puts himself in harm's way to do this. She is a hoot and a half. Special Delivery wraps up this series of short books nicely. I am looking forward to the next book a full-size novel. Not with Sherry. Special Delivery (Jerry McNeal #12).
