

Hunted by the Others (HW Investigations, #1) By Jess Haines **Hunted by the otherszilla** The story centers on a young woman named Shiarra Waynest a private detective who gets hired by the Circle (a group of mages) to find an ancient artifact that can control vampires and werewolves. **Hunted by the Others books** Since Shiarra is human she is reluctant to get involved in paranormal politics but agrees to take on this very dangerous case because the money turns out to be too good to pass up and without it she risks losing her business. **Book Hunted by the otherside** The job entails that she get up close and personal with the infamous vampire Royce who owns half the city and is suspected of being in possession of the artifact in question. **Hunted by the otherszilla** She also finds that she has become a target of the werewolves and the whites hats (an organization of humans who hate supernatural beings and whose goal is to exterminate them). **Hunted by the Others epub download** With the help of her business partner Sara a quirky mage named Arnold and a special belt that gives her super strength and speed Shiarra fights to stay alive and finish what she started. **Book Hunted by the others words** I should also point out that all skills used when wearing the belt including any semblance of calm that she conveys during a fight comes from the dead hunter's spirit that gives the belt power. **Science Fiction Fantasy Hunted by the others** Vampires werewolves and mages exist alongside us humans but the immortal beings and humans don't get along as some series portray not to mention the hostility between the immortals themselves. **Hunted by the otherszilla** I cannot wait to read Taken by others tonight! English Hunted by the Others is my kind of paranormal / urban fantasy! Shiarra is a very good heroine in that she is definitely flawed but fiercely loyal and strong minded. **EPub Hunted by the otherside minecraft** maybe if too many good books weren't out this month i could have attempted to read it! I finished 51% of the book! Pretty bad book! THINGS I HATED: #1- She's a detective that does work within the area of supernaturals but she's Extremely Afraid of them and Doesn't know anything about them! She has no idea how to kill a vampire or shoot a gun. **Science Fiction Fantasy Hunted by the otherside minecraft** Why the hell are you doing this job? At least the Anita Blake series (before the books became smutty) had Anita afraid of them but her fear gave her the motivation to be excellent at her job. **Book Hunted by the others words** Make the character have some KNOWLEDGE in her field!! #2- She is mad that her x-boyfriend (that she'd known for a long time is madly in love with and who's family loved him) told her he was a were-wolf by shifting for her AND she's mad that he didn't tell her earlier! I think the author could have thought of something more original and exciting than that! #3- She's OH SO AFRAID of the main vampire but she's OH SO TURNED ON by him too. **Hunted by the otherszer** Plus the White Hats have pins to go with it!! Shiarra—leading lady—is not some sassy loud mouth chic who thinks she's bad ass enough to throw her nonexistent weight to fight the baddies—not that those characters aren't awesome. **Hunted by the otherszer** Personally the heat for the love interests weren't there yet but that doesn't bother me seeing as all the action in this book has doesn't give Shiarra time to really deal with boy drama. **Kindle Hunted by the otherside** I wanted to know why Shiarra was being dragged into this and the petty excuse just made my day! Bottom Line: Jess Haines Shiarra Waynest books are clearly something to keep an eye on. **Kindle Hunted by the othership** In this book The Others - vampires werewolves and magi - came out into the open on 9/11 using their enhanced senses to find survivors and their cash reserves to jumpstart the economy. **Science Fiction Fantasy Hunted by the others words** One of the biggest problems in the background of the story is that Haines gives us specific legal customs that are so common as to be boilerplate contracts between humans and "others" (vampires weres and witches). **PDF Hunted by the others great** Not without systemic changes that would make that kind of contract completely unnecessary—in other words the others would have to already dominate society before that became even possible. **Science Fiction Fantasy Hunted by the others synonym** Let me ask you this: if a big-bad threatened to kill you your friend and all of your family if you don't let him kill you outright where do you go to hide? Do you even consider hiding at your friend's sister's house? Seriously? Just because the big-bad didn't specifically threaten to go after your friend's family does that mean you feel safe running there for much-needed rest and recuperation? Personally I'd use a park bench first. **Book Hunted by the**

others by john Her friend comes up with the only reasonable plan in the whole book (to as far as I got) and her employer gives her the only useful tools she has (which frankly are another example of nonsensical authorial intrusion but I've already made that point). **Hunted by the Others ebooks free** Several of my favourite Urban Fantasy series' wrapped-up earlier this year which means that I finally have time to add a new one to my reading rotation and Jess Haines' H&W INVESTIGATIONS was next in line. **Hunted by the Others kindle cloud** I wasn't quite sure what to expect when I picked up book 1 because reviews have been fairly mixed but as far as first impressions go—I liked it! The author's writing style flowed well the pacing was excellent and the story wasn't weighed down by the dreaded information dump. **Book Hunted by the others by john** I especially enjoyed the inclusion of the latter because they helped give the heroine the tools she needed to tackle the big bad by shortening Shiarra's learning curve which in turn led to more action and less bumbling about. **Science Fiction Fantasy Hunted by the otherside minecraft** I liked learning about The Circle White Hats vampires and werewolves and I thought that the mandatory Other contracts whenever humans were involved added an interesting safety net for the weaker mortals. **Science Fiction Fantasy Hunted by the otherside minecraft** Shiarra finds herself in quite the conundrum when all facets of the Others start vying for her attention because of her latest assignment and I was shocked by the sheer magnitude of character growth that she underwent in only one book. **Hunted by the Others pdf free** flat out refusing to even consider taking a non-human case only to end up just only in the thick of things but actually fairing surprisingly well although having a werewolf pack at her back and a geeky sidekick certainly helped. **Book Hunted by the others by john** Sara Royce Arthur and Chaz were easy to like and how can you not love a mouse named Bob? I found that some of Haines' name choices left something to be desired but I'm sure that they will grow on me in time. **Book Hunted by the othership** There wasn't much romance in this novel but by the end pretty much all of the characters were paired off so I can only assume that there will be some steam later down the line. **Book Hunted by the others by john** The only thing that kind of bugged me were all of the lesbian jokes—now I'm all for same sex couples in fiction and the protagonist is obviously hetero so why the jabs? They just felt unnecessary and I'm sure that some readers might even take offense. **Hunted by the Others pdf editor** With a clandestine anti-Other group trying to recruit her and magi being eliminated Shiarra needs back-up and enlists her ex-boyfriend - a werewolf whose non-furry form is disarmingly appealing - and a nerdy mage with surprising talents. **Book Hunted by the others** In a city where the undead roam magic rules and even the Others aren't always what they seem Shiarra has just become the secret weapon in a battle between good and evil - whether she likes it or not,

Because she doesn't have the money for her business EVEN though her business partner is filthy rich and has been funding the business. **Book Hunted by the otherside minecraft** Sounds like BS to me! I'm afraid of serial killers and murderers THEREFORE I don't hunt them or work in a field that involves them, **Book Hunted by the othership** I stay away from them #5 There were alot of inaction scenes where we are just sitting in her head: **Book Hunted by the others by john** which would be cool if she wasn't a complete moron that I didn't respect. **PDF Hunted by the others great #1-** It was cool that the existence of supes were known due to Sept 11, **Science Fiction Fantasy Hunted by the others synonym** English Thoughts: Haines has created a fantastic world where the Others (vampires).

It isn't that *Hunted by Others* is a bad book: **Book Hunted by the otherside minecraft** I've read so much urban fantasy/paranormal romance in the past few years that I can't help but compare this book to more successful prominent series in the genre, **Hunted by the Others booker** This debut novel was enjoyable for a time but I found myself losing interest the further I got into the story: **Science Fiction Fantasy Hunted by the others words** I also couldn't help but notice the glaring similarities between this book and Kim Harrison's Rachel Morgan series, **Hunted by the otherszer** Three stars is generous considering that I skimmed the last hundred pages, **Hunted by the otherszer** Perhaps had I been new to the genre I would have enjoyed this book more, **Book Hunted by the others synonym** It's really difficult nowadays to find a series that brings something new and different to urban fantasy, **Science Fiction Fantasy Hunted by the others great** Shiarra is living in a world where those of supernatural origins chose to reveal themselves to human society after the events of 9/11. **Book Hunted by the othership** There is something incredibly unappealing about a main character who is afraid of everything: **Science Fiction Fantasy Hunted by the others great** Any time Shiarra was confronted with something supernatural and/or magical she either A, **Science Fiction Fantasy Hunted by the otherside minecraft** It wasn't until she got the belt that she started to show any emotional/physical strength whatsoever, **Hunted by the Others book pdf** The belt part was nifty but the main character was annoying and weak and redeemed herself only towards the end of the story: **Book Hunted by the others by john** English *Hunted by the Others* is the first installment in the H&W Investigations series by Jess Haines published by Zebra Books, **Book Hunted by the others words** I was in the mood for a Urban Fantasy with Romance particularly vampire that day and came across this novel: **Hunted by the Others ebooks free** I seen this novel around a bunch for the past little while but I didn't know what to expect. **PDF Hunted by the otherside** Quickly in I realized I was going to really enjoy this book: **Book Hunted by the otherside** The H&W Investigations series is based in our modern day world with a twist, **Book Hunted by the others pdf** Before I go on I want to say how much I enjoy the Vampire vs Were tale: **Book Hunted by the others great** Natural enemies with a centuries-old-grudge is always a fun read. **Kindle Hunted by the others synonym** First off the immortals of this novel were hidden for centuries until 9/11 then they soon came out to the world: **Science Fiction Fantasy Hunted by the others words** there are orginaztions against them like every other what's different is wrong type group, **Science Fiction Fantasy Hunted by the others synonym** They are the extremists and anti-other beings of the series which I really didn't like, **Hunted by the otherszer** Shiarra is a tough ass normal hard working woman looking out for herself and her friends while working as private investigator and barley getting by. **Science Fiction Fantasy Hunted by the others words** The novel starts with Shiarra and a woman at a restaurant: **EBook Hunted by the others free** That particular woman is head in an organization called The Circle, **Hunted by the otherszer** The Circle wants to hire Shiarra to recover a magical artifact called a focus from a ancient very good looking vampire named Alec Royce, **Hunted by the Others ebookee** The last thing Shiarra wants to do is tangle with immortals but her bank account says otherwise and the Circle has money to spare: **Book Hunted by the otherside** In some ways he reminded me of Jean-Claude from The Anita Blake series but with less personility. **Book Hunted by the others synonym** (He's also the head vampire in New York like Jean Claude is the master vampire of St, **Book Hunted by the otherside minecraft** (IMO anyway) Don't get me wrong what I read I liked but I just didn't

feel like he was the main male for the story but just the hot mysterious male of the story, **Hunted by the Others pdf** I have a feeling he will be much bigger a character throughout the series: **Science Fiction Fantasy Hunted by the otherside minecraft** Yes he was the protective jealous hot werewolf but I couldn't help but love him, **Kindle Hunted by the otherside** I wasn't sure what his angle was but I didn't care I like his character, **Hunted by the Others books** I'm wanting both and waiting to see what Haines decides! The rest of the secondary characters were also a hit for me. **Book Hunted by the otherside minecraft** I really enjoyed Arnold the geeky mage who was a great friend in this novel. **Hunted by the otherszilla** I was surprised of his interests but I thought it went well with the story: **Book Hunted by the others great** Sara was a great friend and character she's Shiarra's Ivy to her Rachel (The Hollows series by Kim Harrison) minus the sexual tension, **Hunted by the otherszer** An entertaining read that will keep you on your toes filled with supernatural and fantasy: **Book Hunted by the others** Hunted by the Others is a must read for all Urban Fantasy lovers, **Science Fiction Fantasy Hunted by the otherside minecraft** It delivers everything you've come to expect from this genre: **Book Hunted by the others by john** This review was originally posted on (un)Conventional Bookviews English It was free on kindle and I still feel like I'm owed something! Too much seen before dribble, **Book Hunted by the otherside** Get a grip! Which is it? She shakes in fear as her panties wet with desire, **Book Hunted by the otherside Really?#4-She SO FORCED to work with witches and vampires that she's SO AFRAID of mages and werewolves)** have emerged from the dark: **Hunted by the Others kindle direct** When 9-11 happened werewolves offered to help locate the victims stuck in the rubble from there the rest came out, **Science Fiction Fantasy Hunted by the others words** My favorite touch is that those who are consorting with the others have to sign waivers. **EPub Hunted by the otherside** So if their lovers kill them or turn them all the legals are covered, **Book Hunted by the others by john** This just puts a smile on my face after all just like the main character thinks there are people stupid enough to sign these things. **EBook Hunted by the others** Of course not everyone is happy about the Others living among us. **Science Fiction Fantasy Hunted by the others synonym** One of the names for the more fanatic groups is the White Hats which just tickles me. **Hunted by the Others kindle** Finding out the names of radical factions in UF books is one of the ups of reading the genre. **Science Fiction Fantasy Hunted by the others great** Instead the reader gets to watch a polite PI grow into someone who knows when it's time to break the rules and kill the baddies: **Book Hunted by the others words** The running dialogue is pretty funny too and I love how the reader gets to see some of Shiarra's witty remarks that she holds back from mouthing off to the baddies with, **PDF Hunted by the others book** There was one sour point about Shiarra that continued to grate on my nerves. **Hunted by the Others books** At times Shiarra didn't have two cents to rub together her moments of stupidity had me wondering if that was why her PI business was going under. **Book Hunted by the otherside minecraft** Evil villains were telling her what they were going to do to hurt her and all of their evil villain intentions: **Book Hunted by the others by john** The character blatantly goes home and has other characters continuously reminding her that she needs to be careful and lay low: **Book Hunted by the otherside** An idea of a safe hide away was her best friend's sister's place after the hotel was too creepy to stay at, **Hunted by the Others book series** Side characters were really fun but my personal favorite was the Hunter's Belt, **EBook Hunted by the others pdf** A belt that has the spirit--or soul--of an Other hunter in it, **Book Hunted by the otherside** It has some stakes attached to it that will always return to the wearer and it can't be taken off until the sunset after the wearer puts it on: **Book Hunted by the others by john** If I think about it maybe ten lines max? Still I have high hopes for the belt, **Book Hunted by the others words** (If you've ever read Mercedes Lakey's Winds of Change book it has a sassy warrior trapped in a belt that was an awesome character, **Book Hunted by the others words** Chaz the charmingly sweet Alpha werewolf--and I was complaining that they don't exist, **Hunted by the Others booker** Sure he lied to Shiarra about being a werewolf but only because she was prejudice against Others: **PDF Hunted by the othership** It is fantastic to watch Shiarra get over her fear of the others enough so that she's trying to work things out with Chaz. **Science Fiction Fantasy Hunted by the**

otherside minecraft Alec Royce is the missing vampire link in the standard love triangle for UF books. **Hunted by the otherszilla** He's not fully realized at this point but he's a promising character. **Book Hunted by the others by john** The action is pretty packed and with the help of the Hunter's Belt Shiarra can deliver! The plot is agreeably fast past and a rush of fun, **Hunted by the Others books** The main character is clearly someone who grows on you lets hope she grows some smarts. **Hunted by the otherszilla** This is a promising debut with some wicked new ideas to add to the genre, **Book Hunted by the others synonym** I'm eager to get my hands on the next book to see what shenanigans Shiarra gets in and I look forward to the series getting more fleshed out, **Science Fiction Fantasy Hunted by the others great** Sexual Content:Pretty clean I don't believe there was to much sex chat and only kissing, **Book Hunted by the others by john** 5 stars Hunted by the Others is a solid start to Jess Haines' H&W Investigations series, **Science Fiction Fantasy Hunted by the others synonym** She has avoided taking on cases for the Others mainly because they terrify her: **Book Hunted by the otherside** However bills must be paid and Shia is hired by The Circle to find a small object thought to be in the hands of the local vampire master Alec Royce: **Kindle Hunted by the others words** The author's incorporation of the supernatural world with the human world was well done: **Hunted by the Others kindle direct** Their patriotism allowed them to gain a sort of acceptance into human society. **Hunted by the Others epubor** I chuckled when the vampires and werewolves were included under the Americans with Disabilities Act for daylight impairment and monthly furriness, **Hunted by the otherszer** I found it funny that most of the Others' interactions with humans required some sort of legal document. **EBook Hunted by the others pdf** For example if a human wanted to consort with a vampire or werewolf they were required to sign a contract to avoid wrongful death suits. **Kindle Hunted by the others synonym** I had a little trouble relating to Shia's character at first. **PDF Hunted by the others synonym** I found her a little impulsive and seriously lacking self-preservation skills: **Book Hunted by the others by john** People needed to constantly point out that she wasn't safe at home at work at friends' homes or at her family's home. **Science Fiction Fantasy Hunted by the otherside minecraft** She is also a little wishy-washy relationship-wise telling off her ex-boyfriend in one breath and then having second thoughts about the breakup a little later. **Book Hunted by the others by john** Shia is in her glory the moment Arnold gets her properly outfitted to meet the vampire. **Book Hunted by the others words** She puts on the Hunter's belt and suddenly I like this Shia much better, **Hunted by the Others epub download** The Hunter's belt is a cool item - it includes a sentient being that speaks to Shia. **Hunted by the otherszilla** I hope we get to see more of it in the next books: **Science Fiction Fantasy Hunted by the others great** He had the right mix of arrogance sarcasm and drama queen while being exceptionally knowledgeable in both magic and computers, **Hunted by the otherszer** As an added bonus his status as an Alpha was very useful to Shia, **Hunted by the otherszer** I was intrigued by Royce and I hope to see him in the next books: **Science Fiction Fantasy Hunted by the others book** I'm looking forward to reading Taken by the Others (book 2) and Deceived by the Others (book 3), **Hunted by the Others kindle ebook** Guest post on Paranormal Wastelands English Quick & Dirty: An enjoyable read with danger tension and a fascinating paranormal world, **Science Fiction Fantasy Hunted by the others words** Opening Sentence: Long delicate fingers caressed the stem of a wineglass trailing upward to catch a few small beads of condensation on the glass, **Science Fiction Fantasy Hunted by the others synonym** The Review:Supernatural elements known as the Others have revealed themselves to the public. **Book Hunted by the others pdf** Our protagonist Shiarra Waynest is a private investigator struggling to make ends meet, **Hunted by the otherszer** Seeing no other alternatives and against her better judgment she decides to accept an assignment from a coven of mages known as The Circle. **Hunted by the Others ebook reader** The Circle wants Shiarra to obtain an important artifact from Alec Royce. **Hunted by the Others pdf download** He's a very powerful vampire and runs a large portion of New York City: **Science Fiction Fantasy Hunted by the others words** Naturally things don't go as planned and Shiarra finds herself facing dangers from all sides. **EPub Hunted by the otherside** She has her share of flaws and comes across as much more vulnerable

inadequate and unsure of how to handle certain situations than the typical take charge/kick-butt action heroine. **PDF Hunted by the otherside** Shiarra isn't unrealistically competent or proficient in the field of investigative work. **Book Hunted by the others by john** She really does capture the essence of what it's like being human and trying to navigate dark and deadly territories. **Book Hunted by the others by john** Shiarra is leery of supernatural creatures and really doesn't want to get close with them, **Hunted by the otherszer** At times she was so caught up in her disdain and biases against the Others that she wasn't able to clearly access the situation. **PDF Hunted by the otherside** Ultimately Shiarra leads readers on an amazing journey filled with danger and mayhem, **PDF Hunted by the others free** Hunted by the Others isn't an overly dark and gritty story but it's a solid urban fantasy: **Book Hunted by the others by john** A well-rounded supporting cast of characters help to give the story depth and keep the story interesting enough to keep readers engaged, **Book Hunted by the others pdf** Sara plays the role of Shiarra's business partner and best friend. **Book Hunted by the others by john** Chaz is Shiarra's ex-boyfriend with some supernatural secrets of his own, **Hunted by the otherszer** He plays a large part in getting Shiarra to deal with her fears and judgment about the Others. **Science Fiction Fantasy Hunted by the others great** Arnold who is a mage from The Circle also helps Shiarra navigate the deadly elements plaguing this supernatural world: **Book Hunted by the otherside minecraft** I know that there is something deeper going on with him but I guess I will have to wait until the next installment to find out, **Science Fiction Fantasy Hunted by the others great** Royce is definitely an intriguing character and I'm looking forward to learning more about him, **Hunted by the Others epub download** I don't want to give too many details away but I like what Ms: **EBook Hunted by the others synonym** Haines does with the White Hats and the concept of legal arrangements between humans and the Others. **Kindle Hunted by the others words** Haines does a fabulous job worldbuilding and her characterization is excellent, **Hunted by the Others ebook3000** I'm looking forward to visiting this world again in Taken by the Others which is scheduled to be released on January 4 2011: **Book Hunted by the others** Notable Scene:He rose slowly unfolding from the chair like some great predatory bird preparing to dive down on its prey. **Science Fiction Fantasy Hunted by the others words** I shrank back even further as he came around the desk slowly and deliberately setting his hands on the arms of my chair and leaning forward right into my face, **Science Fiction Fantasy Hunted by the others great** Both of my hands involuntarily walked up to shield my neck as I slid back in the chair: **Book Hunted by the others by john** My knees drew up to my chest as he glared down at me my mouth dropping open and eyes wide in shock and fear, **Hunted by the Others books** His breath when he finally spoke smelled like a mix of mint and copper cloying and chokingly thick, **Hunted by the Others ebookee** Taken by the Others - January 4 2011FTC Advisory: The author provided me a copy of Hunted by the Others: **Book Hunted by the others by john** No goody bags sponsorships "material connections" or bribes were exchanged for my review, **Hunted by the Others epub free** In addition I don't receive affiliate fees for anything purchased via links from my site, **Kindle Hunted by the others book** English I made it 3/4 of the way through this book before finally giving up in disgust: **Kindle Hunted by the others book** I'm sad it didn't work out because I kind of liked the premise of a protagonist being in over her head among the world of "others" that are supernaturally powerful, **Book Hunted by the others words** So here's the problem: it seems that the preferred logic in the novel is that the author says it is so. **Science Fiction Fantasy Hunted by the otherside minecraft** I'll give an example or two but note that these are just that: examples, **Hunted by the otherszer** These contracts allow the "other" (I'm going to stop it with the quotes now. **Hunted by the Others book series** You get the picture) to do whatever they want to the human (including killing them outright) and prevent the human from doing anything at all about it. **Science Fiction Fantasy Hunted by the others words** Since others have only been out a decade this kind of legal structure makes no sense whatsoever. **Book Hunted by the others** No contract is enforceable that allows the arbitrary taking of life. **Hunted by the Others epub air** You can't tell me that ten years is enough for this bedrock legal distinction to be overcome so easily, **Science Fiction Fantasy Hunted by the others synonym** On a more personal

level Shiarra makes so little sense that I fail to have any sympathy with the trouble she finds herself in. **Book Hunted by the others great** In the end Shiarra herself is the biggest drawback to the story. **Book Hunted by the others** She's supposed to be a professional PI but she has all the cunning of a particularly stupid doorstop: **Book Hunted by the othership** Someone going up against supernatural opponents needs to be able to compete in that arena using something other than blind luck and/or authorial dictate. **Science Fiction Fantasy Hunted by the others** Generally speaking that would be using her brains or wit or integrity or. **PDF Hunted by the otherside** All she has is a sympathetic author willing to manipulate circumstances to protect her from herself, **Book Hunted by the others by john** English The heroine is not particularly likeable (in fact she's a cry-baby wuss NOT what I've come to expect from uf heroines) and there is a lack of forward action here. **Hunted by the Others book review** In HUNTED BY THE OTHERS readers get to witness the making of a vampire hunter and I personally really enjoyed Haines' introduction to her characters and paranormal universe: **Science Fiction Fantasy Hunted by the others words** Heavy world-building is usually a given in a first installment so I was pleasantly surprised by how the author handled this aspect of her story: **Hunted by the Others ebooks free** New terminology magical rules and artifacts are explored but I didn't find any of these aspects overwhelming at all, **Book Hunted by the othership** The plot was entertaining and I'll be curious to see how Shiarra's relationship with Alec plays out in future installments, **Science Fiction Fantasy Hunted by the others synonym** I did however like how this book's story arc was resolved because I 100% agreed with Waynest's solution; it demonstrated both fortitude and good judgement on her part. **EPub Hunted by the otherside** HUNTED BY THE OTHERS went down easy and left me itching for more: **Book Hunted by the otherside** Next please! English Shiarra Waynest's detective work was dangerous enough when her client base was strictly mortal, **Science Fiction Fantasy Hunted by the otherside minecraft** But ailing finances have forced her to accept a lucrative case that could save her firm - if it doesn't kill her first, **Science Fiction Fantasy Hunted by the others synonym** Shiarra has signed on to work for a high-level mage to recover an ancient artifact owned by one of New York's most powerful vampires. **EBook Hunted by the others epub** As soon as Shiarra meets sexy mesmerizing vamp Alec Royce she knows her assignment is even more complicated than she thought, **EPub Hunted by the others synonym** Hunted by the Others (HW Investigations #1)Im a USA Today and international bestselling author, **Hunted by the otherszer** I consider myself a displaced New Yorker with a penchant for the silly the obscure and the fantastical: **PDF Hunted by the others great** Im currently working on the HW Investigations urban fantasy series and the Blackhollow Academy young adult/new adult contemporary fantasy series, **PDF Hunted by the others free** Find out about my books drop me a line or join my mailing list at {site_link} www. **Book Hunted by the others synonym** I consider myself a displaced New Yorker with a penchant for the silly the obscure and the fantastical: **Science Fiction Fantasy Hunted by the others great** I'm currently working on the HW Investigations urban fantasy series and the Blackhollow Academy young adult/new adult contemporary fantasy series: **Hunted by the Others kindle store** Find out about my books drop me a line or join my mailing list at {site_link} www.THINGS I LIKED. Some are fine with it but most aren't. The White Hats are an example of that. but I think that was the point of them in the story. The story is narrated in first person by Shiarra.and then some. The mesmerizing vampire named Alec Royce was unique. Louis) Considering he wasn't always in his state of mind.(Which I won't get into details about.) we didn't get to much of a personality vibe from him. I can't wait. ;)Shiarra's Ex Chaz was a hit in my book. I can't wait to see more of him as well. He's a favorite of mine. haha!Oh and I cannot forget the talking stake belt. It was weird but I liked it. I won't give to much away but lets say it's unique. As for the storyline I found it very enjoyable. Good pacingplenty of action and romance. The rules and regulations put in place are very realistic. A pleasant change in the standard UF heroine. The belt doesn't get as much

dialogue as I would like.)The love interests are something to look forward to. Rating: 3/5- Good I liked it. English 3. Shiarra (Shia) Waynest is a private investigator. Clever. I loved the secondary characters. Arnold was a great addition as a geeky magi. Chaz played the extremely handsome ex-boyfriend well. Royce is basically the supernatural King of New York. Shiarra isn't the typical urban fantasy heroine. Fear prejudice and inexperience make her irrational at times. Ms. Haines delivers plenty of action and character development. Overall this urban fantasy romp doesn't disappoint. Hunted by the Others is an absorbing and fast-paced tale. Ms. I loved being pulled into the supernatural world that Ms. Haines created. The H&W Investigations Series: 1. Hunted by the Others 2. The book is rife with these things. It's legalized slavery. It just wouldn't happen. something. to overcome their inherent advantages.
