

A Night for Her Pleasure (The Knights of Brittany, #0.5) By Terri Brisbin The story is also disappointing in that there's no real plot trajectory; the author's declaration that she set out to create a Gift of the Magi type tale is far more interesting in concept than what she produced. On this their wedding day Simon is determined to skillfully arouse his new wife and initiate her into the pleasures of the bedchamber although he fears a woman so feminine and delicate could never love a nobleman as rough as he. 5) Terri Brisbin is the USA TODAY Bestselling author of than 50 historical paranormal and fantasy romances and her books have been released in than 20 languages and 25 countries around the world since 1998. And duty rather than character traits which is disappointing since Brisbin usually tries a bit harder to show why her characters' personalities suit: 9781426835100 it looks ok but i think i would want to read the whole series first, One of my all time favorite highlander books and one that I pull out from time to time to re-read: 9781426835100 This is possibly the only novel/short story of this author that I didn't really enjoy, Even though it's a short story.

Simon and Elise are the romantic couple in this novel and begins with their wedding and, It's short and it is an easy read so those are plusses: Simon is big and not very sophisticated and he's come to care for the wife of his arranged marriage very much. So he's terrified he's going to be so overcome with lust that he'll hurt her, Elise is very boring - I read this a few weeks ago and I remember next to nothing about her, The problem is somewhat convoluted in the first place especially when we're just told it's the problem: Perhaps I might have believed it a bit more if I'd been able to experience their growing love and desire or something. And so much of the story is just them sitting around at the wedding breakfast talking about things. 9781426835100 Only 51 pages. Not bad. Introduces next books characters. 9781426835100 Last read in 2013. I found it not only uninteresting but unfulfilling as well. So short!! Damn. Steamy as hell.3.5 I'll continue the series :D 9781426835100 Meh. There wasn't a lot here to be honest. wedding night. :) 9781426835100 Not much to this - length or content. It's a bit of a let down. But it is still pretty sweet story. 9781426835100 This was really a great book. It was just too short. I hope to find additional work by this author. 9781426835100.
