Hew Strachan was born and brought up in Edinburgh and was elected a Fellow of the Royal Society of Edinburgh 2003 and awarded an Hon. **European Armies and the Conduct of warren** History This was not a bad book by any means forma parte de su Biblioteca Básica del Militar Profesional así que ya os podéis imaginar que se trata de una obra muy rigurosa con mucha teoría militar y por ende algo densa. **European Armies and the Conduct of warwick** Aun así es un libro que se lee muy bien gracias al buen hacer del señor Strachan y con el que comprendes con nitidez cómo evolucionaron los ejércitos las estrategias y las tácticas militares europeas entre los siglos XVIII-XX desde Marlborough hasta la Guerra Total pasando por Napoleón Clausewitz o la Blitzkrieg.

**European Armies and the Conduct of warwolf** Lo más destacado de este libro en mi opinión es que su autor no aísla la guerra de aquello que la rodea sino que la integra en el mundo del que en definitiva es parte: demografía política economía tecnología. **European Armies and the Conduct of warmest** Strachan no se limita a enumerar batallas guerras y sus circunstancias intrínsecas que al fin y al cabo es lo que se suele hacer cuando se habla para el público general sino que analiza y explica las condiciones sociales que derivaron en los cambios que sufrieron los ejércitos y en la forma en que fueron dirigidos. **European Armies and the Conduct of warrior cats** Y todo de una forma tan amena como académica sin sentimentalismos dejando de lado valoraciones éticas o morales acerca de quienes fomentaron esos cambios o protagonizaron los hechos descritos.

**European Armies and the Conduct of warren buffett** Strachan interprets his subject matter as widely as possible and European Armies and the Conduct of War considers the roles of air power and the impact of the United States on European military developments. **European Armies and the Conduct of warmth** Through the eyes of the major theorists of the day European Armies examines: \* how the social and political influences which shape armies also mould the attitude of those armies to warfare\* the story of techincal innovation\* the mounting pace of industrialization and its impact of warfare,

But it was a very dry book that was very hard to get through at times, **European Armies and the Conduct of waronkcc** In terms of readership this is aimed at academic or very serious audiences who are looking for a strong overview of European military strategy and the development of it.

**European Armies and the Conduct of warofdragons** Since this books is more about the strategy than anything else the details about surrounding events can be a bit thin at times (i. **European Armies and the Conduct of warq helmet** you are expected to know them from elsewhere) but from that standpoint it does a good job of what it sets out to do. **European Armies and the Conduct of warx** He is also Life Fellow of Corpus Christi College Cambridge where he was successively Research Fellow Admissions Tutor and Senior Tutor 1975 92: **European Armies and the Conduct of warmane** From 1992 to 2001 he was Professor of Modern History at the University of Glasgow and from 1996 to 2001 Director of the Scottish Centre for War Studies. **European Armies and the Conduct of warmest**

This is a wonderful and concise account of how Europe's conception of land warfare shifted.

**European Armies and the Conduct of War** It is not a minute study of tactics nor strategy but a work that considers them on the whole, **European Armies and the Conduct of War** Strachan is at his best in describing the limitations of the figures involved and he is thankfully lacking in the tacit jingoism of most British military historians: **European Armies and the Conduct of War** Y solo después con las bases bien asentadas analiza la guerra propiamente dicha sus personajes y sus batallas, **European Armies and the Conduct of War** No os engaño para mí es un gran libro pero reconozco que solo lo disfrutarán historiador@s o aquello@s que estén muy interesados en este tema, **European Armies and the Conduct of War** History Discussing the key issues of modern warfare Hew Strachan's work examines the theory and practice of land warfare in Europe since 1700: **European Armies and the Conduct of War** Looking at warfare in the context of social and political change Dr, **European Armies and the Conduct of War** Recent military history has tended to focus on the relationship between armies and society and there has been much original research on the subject of the conduct of war, **European Armies and the Conduct of War** This book brings these approaches together providing information and insight vital to the study of this fascinating era.e.
