

The Selected Poems By Antler English

Antler: The Selected Poems

Antler: The Selected Poems Antler A collection of out-of-print work of a major poet from the Boomer/post-Beat era: **New and selected poems** Most notable being Factory a work Allen Ginsberg praised as a definitely powerful epic by one of Whitman's 'poets and orators to come: **The selected poems of wendell berry** ' Antler is vociferously critical of environmental destruction and the progress of civilization. **New and selected poems** Also Whitmanesque is Antler's expansive sexuality and naturalism guilelessly and openly presented[1]

'Factory' is a must-read. The Selected Poems.
