Teaching stories. Good to read. Sufism invites man to push forward his own evolution. His early writings centred on magic and witchcraft. His early writings centred on magic and witchcraft. S. Idries Shah's books on Sufism achieved considerable critical acclaim. L. P. 'Man is made for learning' wrote El Ghazali. And in the Introduction he writes: 'Understand the bulk of translations available are unsuitable'. But there is of course much more. This book may explain why. Paperback A good book to start reading about Sufism. However I expected a more documentary type of writing. This topic is perhaps the most recurrent one. I'll see if I find this in his other books. Really enjoyed reading this though! Paperback.
