

Fuck of the Day (The Administration, #3.3) By Manna Francis

Warrick: spineless and PATHETIC when will you grow a set? Toreth: lying cheating selfish aaaaarsehole!!!! Gay and Lesbian Science Fiction Crime Dunno whether to be impressed with Warrick's pragmatism or irritated by his catastrophic failure to do what I want him to do to Toreth's balls. Gay and Lesbian Science Fiction Crime Why does Toreth keeps lying? Warrick knows and accepts that he fucks around so why the lying I don't get it! My reviews of The Administration series' books: Book 1: Mind Fuck - 3 Stars Book 2: Quid Pro Quo Book 2. 4: Prodigal Book 8: Blood & Circuses Book 9: Corpora Delicti Gratuitous Epilogue Gay and Lesbian Science Fiction Crime What's a girl to do when she's finished each and every book of The Administration? Except cry. Re-read every single one of them of course! I'd forgotten about this particular super short story in which this intriguing thing Toreth and Warrick have - be it a regular fuck or a tentative relationship - is explored a little further when the Sim Tech director decides he's had enough of Toreth's escapades and confronts him. Sorry—too much information? Haha... But this series is like a dream for me! Office sex almost on a daily basis! "Toreth saw his face reflected faintly in the glass eyes closed as he struggled for calm: Gay and Lesbian Science Fiction Crime An excellent example for problem solving a la Toreth: Want to fuck? Who can say NO to this proposal? Sure not Warrick, Gay and Lesbian Science Fiction Crime If you see me with someone that doesn't mean I'm fucking them, Gay and Lesbian Science Fiction Crime Jealousy? Possessiveness? Love? Just plain lust? You can never be sure with these two, Gay and Lesbian Science Fiction Crime Another short story in The Administration series. Warrick comes to I&I for the second time ever pissed off about seeing Toreth with someone else. „If you see me with someone that doesn't mean I'm fucking them. I can recognize conversation when I see it and that was not it. " Truth be told I think Toreth is fucking everyone who can walk and talk although the latter is not really required: "Like to fuck me?" he whispered suddenly wanting it and knowing that Warrick would, Here in his office over his desk—something to remember when the paperwork got too boring, Bottom line Toreth and Warrick have an argument and make-up sex that happened off page, *pouts* This was...hmm...what's shorter than super short? It was an extremely super short story: 6: Mirror Mirror - 4 Stars Book 3: Games & Players - 5 Stars Book 3, 95: Without the Game - 4 Stars Book 4: Control - 4 Stars Book 4, 6: Sunday - 3 Stars Book 6: First Against the Wall - 4 Stars Book 7: For Certain Values Book 7. Warrick seemed to weigh up a couple of different openings then simply said: Where were you last night? Fortunately Toreth had set the story up this morning. I went out with Sara and a few other people from work, Ooooooh go get him Warrick! Stare him down with your icy glare,)Strangely enough my definition of fun broad as it is doesn't extend to having my friends witness someone very publicly touching upon my my, Yes your what Warrick?! Your what? So much goodness in so few pages. And let's be honest with a title like this it's hard to go wrong: ;D Gay and Lesbian Science Fiction Crime "Touching up your what?" A jealous Warrick! About time: I just want to shake these two sometimes—Say it! Finish the thought! Say the word! Haha... Warrick confronts Toreth after he spots him with his fuck of the day: Confession: I'm sure I have confessed this weakness of mine before but...I fucking love desk sex! Sex in the office is such a fantasy of mine. He looked so fuckably good—pale and furious and on the edge of losing control—that Toreth could barely resist pinning him against the wall there and then. Really?!? Toreth- what in the hell is wrong with you? Warrick- what in the hell is wrong with you? Apparently you are a match made in crazyville: Gay and Lesbian Science Fiction Crime
